

PROTECTIVE POLICY MEANS CONTINUED PROSPERITY

PRESIDENT TAFT WRITES DENVER MAN CONCERN- ING ISSUES OF CAMPAIGN EFFECTING COLORADO

**Affirms Third Party Movement Is Not of National Force—Cam-
paign Fight is Only Between Republican and Democratic
Parties—People Have Choice Tuesday of Supporting Pro-
tective Policy of Party in Power or of Turning Govern-
ment Over to Free Trade Advocates.**

WASHINGTON, Nov. 1.—At the White House today a letter from President Taft to Crawford Hill of Denver dealing with issues of the campaign was made public. It follows:

"Encouraging reports have come to me in regard to the situation in Colorado. From the beginning I have felt certain that the campaign of education which the Republican party is conducting would bring the people to a clear understanding of their own interest in Republican success this year. The men and women of Colorado need the Republican party so much that it would seem almost unnecessary to urge them to retain those economic policies which have made their state great and prosperous. Should support protective policy. I am sure that every man whose judgment is not controlled by his prejudice now realizes that this is a campaign between the Republican and Democratic parties. It is apparent that the third party movement has not gained headway as a national force and that again the alternative is presented to the American people either to support the protective policy of the party in power or to turn over the government to those who are committed to repeat the experiment which resulted in a commercial explosion when last it was tried.

"It does not require profound knowledge of the principles of political economy but only common sense to understand that the placing of sugar on the free list would spell ruin for those of our fellow citizens who are engaged in the cultivation of the sugar beet. The Democratic party is committed to free sugar and if it is successful at the polls we may expect as one of its first legislative acts the passage of a bill to admit sugar duty free at our ports of entry. Democratic orators may talk until their throats are hoarse of their interest in the American farmer, but the fact remains that in March of this year the governing tariff body of the Democratic party, the Democratic committee of the ways and means committee by unanimous vote reported a bill to place sugar on the free list and this bill was passed by a Democratic house. Beet sugar industry now protected. Thousands of American farmers are engaged in the cultivation of the sugar beet, and the factories which buy their product employ about 25,000 men. The Republican party stands for adequate protection for the beet sugar industry of this country. Such protection is in the interest of the United States treasury, it contributes to the support of our national policy of irrigation and reclamation and it is the shield of the American consumer against an increased price for a household necessity.

"Free sugar cannot be defended from any angle. It is in conflict with the theory of a tariff for revenue only and its effect would be to make almost certain the monopolistic control of a great industry. It would diminish the revenue of the government \$3,000,000 annually and by reducing the world's production by nearly one million tons a year, raise the price of sugar to the consumer. Permanently lower prices for sugar in the United States and freedom from European speculative markets can only be secured by producing our sugar at home.

"The American production of sugar, both cane and beet, has been made possible by the tariff policy of the Republican party. Cane sugar production dates back to long before the war, but the beet sugar industry is of recent growth. In 1897 when the Dingley tariff law was enacted, there were only six beet sugar factories in the United States. Now there are 71.

"The first congress passed on July 4, 1789, a general tariff act, included in which was a duty on sugar. From that time to the present sugar has been a duty except during the operations of the McKinley law which placed raw sugar on the free list and levied one-half cent per pound on refined sugar, but, guarded the interests of the Democratic producer by giving a two-cent pound bounty on all sugar produced in the United States.

Free Sugar Would Close Factories. "If the United States should abolish the duty on sugar it would stand alone among civilized nations as the only sugar producing country with sugar on the free list. The production of beet sugar has a tendency to keep down the price of sugar to the consumer. Free sugar would force the suspension of our beet sugar factories, for they would not only be forced to compete with cheap foreign factories, but they would be

under the further handicap imposed by a bounty of 72 cents per hundred pounds on sugar shipped to the United States from Russia, the second largest beet sugar country in the world. I cannot believe that the intelligent voters of your state are willing to put the growers of Colorado into competition with the peasants of Russia on these terms.

"Permit me to say a word also with regard to another subject in which Colorado and neighboring states are interested. Your great western country needs development. It must have men and capital, and it must be able to offer inducements to attract both. The Republican party does not believe in a conservation policy which would tie up our natural resources and deny their use to the legitimate homesteader, miner and capitalist.

Lease Ore Land But Retain Control. "We are holding the part of the domain that has coal, phosphate and oil until congress shall make provision for its disposition by lease on profitable terms to private capital with the retention of sufficient title in the government to control and prevent monopoly in ownership and consequent exorbitant charge to the public for these commodities. The problem which the Republican party is solving is how to save and how to utilize, how to conserve and still develop, for no sane person can contend that it is for the common good that nature's blessings are only for unborn generations.

Results of Period of Muckraking. "There is just foundation for the complaint in the west that the laws have not been administered with a liberal view to the accomplishment of their purpose, but rather in a spirit which has put as many obstructions as possible in the way of earning title from the government. This condition followed a crusade of muckraking which reached a point where there seemed to be real hostility to the acquisition of public property by a man who had earned title to it under the land and mining laws of the United States by the performance of these conditions precedent that in the statute were declared to be usual in the development of the country. As a result there was developed a timidity and delay on the part of bureaus, divisions and employees of the interior department in granting patents that had been earned. This is not the fault of any individual in the interior department or of the head of it, but it is the result of very vicious period of muckraking in which those who were likely to be the object of slanderous attack paved the easier course of making no decision and unduly delayed the granting of rights to persons entitled to them. Secretary Fisher has struggled to overcome this and to push the decision of cases as rapidly as possible, but there still remains much to be accomplished in this direction. We are laboring as hard as we can to overcome the evil and injustice which these delays have entailed, and I believe that with the proper congressional appropriation and the continued effort on the part of the secretary of the interior and his subordinates the tendency will disappear."

SHOT CELEBRATING HALLOWEEN

Milo, Iowa, Nov. 1.—Charles Tidball, 22 years old, was shot and killed today by Marshall Mowery while celebrating Halloween. Mowery was immediately placed under arrest and was taken to Indiana. Mowery fired to scare a crowd of young men. His aim was too low and the bullet struck Tidball, entering the brain. Tidball was the son of C. B. Tidball, a farmer living just outside the city limits of Milo.

WEATHER INDICATIONS AND TEMPERATURES

Washington, Nov. 1.—For Illinois—Fair Saturday and Sunday; rising temperature Sunday; moderate west winds.

Temperatures. Chicago, Nov. 1.—Current, maximum and minimum temperatures today were:

	Current	High	Low
Boston	64	64	44
Buffalo	40	58	44
New York	58	64	52
New Orleans	50	62	62
Chicago	36	41	36
Detroit	34	40	36
Omaha	32	36	30
St. Paul	30	34	28
Helena	30	40	18
San Francisco	58	62	52
Winnipeg	20	28	22

EXPLAIN MANNER OF ALLEGED COMBINE

WITNESS DESCRIBES HOW I. H. C. BUYS RIVAL COMPANY

Wm. A. Vincent Tells of Buying Property and Later Transferring it to the International Harvester Co.—Borrowing Money Easily.

CHICAGO, Nov. 1.—How the property of the Aultman and Miller company of Akron, Ohio, was acquired by the International Harvester company in November, 1905 was related today by William A. Vincent, an attorney in the government's dissolution suit against the alleged combination.

The witness said he purchased the property at a receivers sale in July, 1903, for \$640,000 and after operating it ostensibly as an independent concern for more than two years formally transferred it to the alleged combine in November, 1905. The witness said that after acquiring the plant the name was changed to the Aultman and Miller Buckeye company.

Mr. Vincent said he undertook to purchase the property as the agent of Cyrus H. McCormick and James H. Deering, but that his proposition was refused by the company. Later the witness said he purchased the property on his own account although he felt all along that he was morally bound to let the International Harvester company eventually have it.

Borrowing Money From Bank. "Where did you get the money to buy the property?" inquired Attorney Grossner.

"I borrowed it from the First National Bank of New York," replied the witness.

"Did Mr. McCormick and Mr. Deering assist you in getting the loan?"

"If they did I never knew it."

"Did you know that the International Harvester company deposits in that bank?"

"Were you surprised to get the money so easy in a bank where you were not known?"

"No, I was not. I thought the proposition I offered was a good one and that the loan was made on its merits. I went to a dozen Chicago and New York banks and was turned down before I finally got the money."

"What security did you give?"

"I gave my note and deposited the stock of the new company with the bank."

"Did you confer with anybody when you were managing the company?"

"Yes, I frequently talked with Cyrus H. McCormick and James H. Deering."

The witness said that Ira G. Miller, a member of the company first asked him to negotiate with the International Harvester company for the sale of the property.

Report on Appraisals. William N. Reay, comptroller of the International Harvester company was recalled to the stand to submit reports of the appraisals made of the properties of the consolidated companies before the merger. The physical value of the plants as reported by the appraisers was as follows:

McCormick Harvester Machine company, \$29,658,157.39.

Deering Harvester Company, \$27,237,197.36.

Wardner, Bushnell and Glessner company, \$4,637,498.01.

Plano company, \$3,468,667.80.

The figures showed that the profits of the McCormick Harvester Machine company for the five years prior to the consolidation aggregated \$25,000,000 or 1,000 per cent on the corporation's capitalization of \$2,500,000.

The profits of the Deering Harvester company were shown to be nearly as large during the same period.

The hearing was adjourned until Tuesday, Nov. 12th, when the examination of witnesses will be resumed in Chicago.

DIRECTORS ARE ELECTED.

Springfield, Ill., Nov. 1.—At the annual meeting of the stockholders of the Springfield baseball association the following directors were elected for the ensuing year: Jesse Payton; Harry Jones; Charles J. Peterson; Dr. Thomas W. Allen and Vincent W. Dahlman. The directors elected the following officers: J. K. Payton, president; Harry Jones, vice-president; Charles J. Peterson, secretary-treasurer.

The treasurer reported a deficit of \$2,500 in the finances of the club for the past year.

CHICAGO HAS WON TWO.

Chicago, Nov. 1.—Chicago was victorious for the second time in the second game of the first series here of the annual play for the championship of the three-cushion billiards league. Sayles for Chicago defeated Warren of Boston, 50 to 44 in 124 innings. Sayles' high runs five, Warrens 4.

MABEL BARRYSON DEAD.

Toronto, Nov. 1.—Mabel Barryson, a comedienne who starred in the Blue Mouse and in vaudeville, and a number of musical comedies, died tonight at her sister's home here after a lingering illness. Her husband Joseph E. Howard is a vaudeville performer.

UTICA PAYS TRIBUTE SHERMAN'S MEMORY

Thousands View Body For Last Time as it Lays in State in Court House

OVER 25,000 VIEW BODY

For Hours Crowds of all Classes Pay Silent Tribute to Former Vice President's Memory.

FUNERAL TODAY AT 2 O'CLOCK

UTICA, N. Y., Nov. 1.—Utica paid tribute today to the memory of Vice President James S. Sherman. For hours this afternoon and evening thousands of persons filed silently through the Onondaga county court house and gazed for the last time upon the face of the vice president whose body was lying in state in the rotunda of the building.

The body reposed in a casket of solid mahogany covered with black broadcloth with handles of antique silver. The vice president's face bore a look of serenity, but it was overspread with a tinge of purple, the mark left by the malady that caused his death. In his right arm lay a bunch of violets, the gift of his grand children, and in one hand was a spray of red flowers from the Sherman gardens. An Elk's pin, the insignia of one of the few orders to which Mr. Sherman belonged, gleamed from the lapel of his coat. The casket rested upon a flag draped catafalque, over which was suspended a canopy of flags. A floral piece of white lilies had been laid upon the casket, while palm ferns and flowers were arranged in profusion on either side. The interior of the building was in mourning dress with festoons of flags and backgrounds of black and purple.

25,000 People View Body. The body lay in state from 3 o'clock this afternoon until 9 o'clock and during that period it was estimated that more than 25,000 persons passed through the building. The procession, which earlier in the day escorted the casket from the Sherman home to the court house, was imposing. Lining the street as the body was borne from the house were hundreds of Mr. Sherman's friends, neighbors and business associates. As the bearers moved down the winding walk several gray-haired veterans, lined up on their side, saluted as it passed. They were members of Bacon Post No. 54, Grand Army of the Republic, and Mr. Sherman was the first associate member elected by the post. The little band of veterans then took their place at the head of the procession.

Two hundred Elks, members of the citizens' committee, the chamber of commerce, boosters club, Onondaga County Bar association, directors of several banks and scores of citizens, friends and neighbors of the vice president, were among those who followed the body to the court house. As the cortege moved through the business section the bells of the city hall and various churches were tolled. All street traffic halted for the procession.

The crowds waiting at the court house were in check by details of National Guardsmen, who later acted as a guard of honor while the body was lying in state.

All classes of citizens were there to pay their tribute of respect.

Storm Puts Lights Out. A storm broke while the people were viewing the body and the electric lights in the building went out, those who happened to be passing through the rotunda for the next few minutes, could discern a shadow, for as they moved through the semi-darkness at the face of the dead, gas lights soon were flickering dimly, but it was not long before the electric lights were restored.

Hundreds of shopmen and employees of factories and mercantile establishments stopped on their way home to view the body and the lines continued unbroken up to 9 o'clock when the casket was closed and, under an escort of citizens, returned to the Sherman home.

President Taft is scheduled to arrive in Utica shortly after 1 o'clock tomorrow afternoon and probably will call at the Sherman home before the funeral to offer condolences in person to Mrs. Sherman and other members of the family.

The private services at the house for the family will be conducted by Dr. Holden of the Dutch Reformed church of which Mr. Sherman was for many years the treasurer and active supporter.

Services at Church. The services at the First Presbyterian church will begin at 2 o'clock and will be in charge of the Rev. M. W. Stryker, president of Hamilton college. Mr. Sherman and Dr. Stryker were class mates at Hamilton college.

Dr. Stryker will be assisted by Dr. Holden. The services will open with song by an augmented choir of the church and after reading of the Scriptures by Dr. Holden, Dr. Stryker will deliver a brief eulogy of the vice president. Dr. Holden will pronounce the benediction.

President Taft will occupy the first pew to the left center aisle.

(Continued on Page Four)

CONWAYS CONFESS TO SINGER MURDER

WOMAN BREAKS DOWN AND HYSTERICALLY CONFESSES

After Long Ordeal of Questioning the Former "Queen of Burlesque" Tells Story of Killing—Conway is Still Held in Solitary Confinement.

CHICAGO, Nov. 1.—An ordeal of more than 24 hours of questioning broke down the self possession of Beatrice Ryall Conway, and hysterical admissions made by the woman here today are said by the police to clear up the mystery of the murder here Monday night of Sophia G. Singer, the Baltimore heiress.

Since Mrs. Conway and her husband were turned over to the Chicago police yesterday in Lima, Ohio, the detectives concentrated their efforts on the woman, putting Conway through an ordeal of isolation, silence and uncertainty. This afternoon, after a number of outbursts of weeping and hysteria, Mrs. Conway begged for something to eat and a few hours rest, consented to make a statement to the police. It was taken down by a stenographer in the presence of Captain Nootbaar and Lieutenant Crotten of the Chicago police, who made public a copy of what they had obtained.

Says Miss Singer Taunted Them. The story, given out as told by the woman, is that Conway, the circus clown, high diver and acrobat, and his wife, the former "Queen of Burlesque," were out of work and penniless in Chicago, where they had been invited as guests of the murdered woman. Miss Singer taunted them with their helplessness on the fatal night, according to the alleged confession, and suggested that Mrs. Conway make some money in an immoral way. Enraged by the proposal, Conway knocked the woman down, gagged and robbed her, the story continues, and the pair, not knowing Miss Singer was dead, fled from the city with the meagre loot of \$45, which they took from her effects, and two suits of clothes belonging to W. R. Worthen, Miss Singer's fiancé.

While the alleged confession was being wrung from the woman Conway was covered in a cell, hearing the screams and pleadings of his wife, but not knowing what was going on, and denied the privilege of speaking to anyone. The police expect him to breakdown soon and make a statement. The assertion by a woman that she is married to Conway will be verified as if she is his wife she cannot testify against him.

Statement Is Made Public. The statement was made public by the police as the formal confession of Mrs. Conway, is in part as follows:

"Sophia invited us to come to Chicago. We took a suite of three rooms for light housekeeping. My husband and I occupied one of the bedrooms and Miss Singer and Worthen occupied the other. We were out of money and Sophia knew this before we came to Chicago. On the night of the killing we had dinner together and Worthen went out. Sophia went out to post a letter and came back after a while with her shoes wet. She took them off and in her stocking feet about to change them. We had quarreled a little about the expenses which Sophia was paying.

"Sophia said we weren't doing anything to get money. She said she had met a rich old man and wanted me to go out with her to meet him and another man. 'Con' was furious at this. He said that I did not have to make money that way. I was washing dishes at the sink. I heard a fall. I went to the bed room and Sophia was lying there. My husband said to me, 'hurry, let's get our things and get out before she gets conscious.' We did not know she was dead. 'Con' never meant to kill her."

In other admissions the police say the woman told of how her husband and she fled in the night from the rooming house and took a street car to Hammond, Ind., and from there made their way from point to point, until they reached Lima, where they were captured. They were destitute and Sophia threatened to take Worthen and leave the rooms and she would have been stranded there, she said, according to the police.

Pending investigation of Mrs. Conway's marriage or a confession from him, Conway is held in a solitary cell.

Worthen, the murdered woman's fiancé, also is held as a witness.

Conway Gets "Silent Treatment." Conway paced his cell almost all night begging for a word with his wife or news of what she had said. No one spoke a word to him in reply to his pleas. Captain Nootbaar said that the man should have at least thirty hours silent treatment in the endeavor to break him down. Tomorrow he will be confronted with his wife's statement and the implications with which the murder was committed.

VICAR GENERAL RESIGNS. Paris, Nov. 1.—The Marlin says that Cardinal Respighi, vicar general to Pope Pius, has resigned, following an inquiry ordered by the pope into the administration of the chancellor of the vicariate, Mgr. Faberi, which it is alleged, established favoritism. The cardinal, according to the Marlin, deemed himself responsible for his subordinate's action and tendered his resignation.

NAZIM PASHA REPORTS RECAPTURE OF BUNARHISSAR

DESPITE OPTIMISTIC DISPATCHES IT IS NOT BELIEVED TURKISH ARMY CAN RETRIEVE ITSELF

Series of Dispatches from Turkish Commander-in-Chief Claim That Turkish Army is Still Holding its Own Against Advance of Bulgarian Forces—Telegrams Were Published in Constantinople and Are Not Authentic—War Correspondent Gives Thrilling Account of Fighting—Turks Are Being Steadily Driven Back.

LONDON, Nov. 1.—The Times Sofia correspondent telegraphing Friday says:

"The Turks yesterday made a desperate effort to retrieve the situation. The railroading troops rallied between Tchorlu and Istrandi and were reinforced by a division sent from Constantinople. They were defeated, however, by the Bulgarians, who captured Tchorlu, Istrandi and Rodosto. Altogether some 50,000 Turks assembled at Tchorlu and a fresh series of battles was fought over the district extending from Tchorlu to Istrandi and along the heights dominating Rodosto.

A diversion was attempted on the Turkish right wing. Torgut, of Albanian fame, landed at Midia with 20,000 men and advanced toward Viza, where he encountered the Bulgarians.

"The troops were defeated, but whether they succeeded in regaining their ships or retreated eastward is not stated."

Despatches Not Convincing. LONDON, Nov. 1.—The perplexity rising from the policy of the government's engaged in warfare in southeastern Europe is totally excluding newspaper correspondents from the zone of hostilities is more pronounced than ever tonight.

An extraordinary series of despatches from Nazim Pasha, the Turkish commander-in-chief, claiming that the Turkish army had recaptured Bunarhissar and was still holding its own against the Bulgarian advance was published in Constantinople today. In the absence of independent testimony, however, various assumptions as to the accuracy of these telegrams are possible. They may be belated despatches referred to early stages of the struggle or may be mere representations for the benefit of the Turkish populace. On the other hand, they may mean that the Bulgarian victory was not so complete as was represented by Sofia, or possibly the nine divisions of Turkish reserves the reports of yesterday said had been ordered to the Turkish center may be holding back the Bulgarian advance.

Except for the general statement that the Turks were retreating on Chataldia, nothing was said on Chataldia, nothing was said on Chataldia, nothing was said on Chataldia.

The arrival of five thousand wounded men in Constantinople tells its own story of the sanguinary character of the encounter. Despite the optimistic reports from the Turkish side it is not believed here that the Turkish army can retrieve itself.

The most interesting feature of the war news today was the exploit of a Greek torpedo boat in sinking a Turkish battleship at Saloniki Thursday night. Ten persons perished in the sinking of the vessel.

No news was received from Adrianople today. Tarabosche and Scutari are still holding out despite continuous bombardment by the Montenegrins.

British and French warships arrived at Saloniki today for the protection of their nationals.

Russia in Readiness for Battle. St. Petersburg, Nov. 1.—The Viennese today publishes an interview with M. Sonoff, the Russian foreign minister, in which he expresses the hope that the war in the Balkans may be localized, but declared that Russia cannot join the powers in a peace at any price policy. He lays stress on the readiness of the Russians' arms for battle, but says he thinks the economic interests of Austria and the other powers can be satisfied without a resort to hostilities.

Will Deal With Constantinople. Belgrade, Nov. 1.—The Stampap says that the ports has sent two special delegates to Vienna to request Austria's friendly intervention to re-establish peace, but declares the Balkan powers will refuse to negotiate with an intervening power and will only deal direct with Constantinople.

Cut Off Noses and Hands of Dead. Athens, Nov. 1.—Accounts are published here of a massacre of 120 Greeks by Turks in the town of Servia, just across the Greek frontier in Turkey. When the massacre was over a soldier cut off the noses and hands of the dead men.

Despatches from Arta say that Turkish atrocities in Albania are continuing and that the inhabitants of Epirus are fleeing to Arta and the mountains.

Turks Threaten Bulgarian's Rear. Constantinople, Nov. 1.—(Midnight)—Whatever the issue of the terrible battle now raging on the western slopes of the Istrandi mountains in Thrace, it undoubtedly will be reckoned among the world's great struggles. Almost uninter-

ruptedly for four days and three nights the battle has proceeded, the moon having afforded sufficient light at night for the armies to continue their fierce onslaughts against each other. Turks and Bulgars are locked in a grapple which will be broken only by the decisive defeat of one or the other. The news from the front Wednesday and Thursday has given rise to a feeling of despondency and sensational rumors of Turkish reverses gained currency. Today officials reports proved these rumors to be unfounded.

Telegrams from various sources gave favorable accounts of the military situation and the troops commanded by Mahmoud Mukhtar in the vicinity of Viza were especially commended.

The Turkish forces were reported not merely to have been holding their own, but to have effected an important advance which has threatened the Bulgarian rear. If this Turkish column joins hands with the garrison at Adrianople, the Bulgarian army will be practically surrounded and its position very desperate.

It is alleged that, realizing the gravity of the situation, the Bulgarian commanders have withdrawn the army at Kustonia and their forces before Adrianople and that these troops are being hurried to support the main Bulgarian army's center.

Some idea of the desperate nature of the fighting is gathered from the fact that more than 5,000 wounded soldiers arrived in Constantinople tonight from the front.

Indignation and surprise were expressed here today over the fact that a Greek torpedo boat had succeeded in entering the Gulf of Saloniki last night despite the mines and heavily armed forts and blown up the Turkish battleship Feth-i-Bulend. The commandant of the forts will be called to account for permitting this Greek intrusion.

The movement of troops to the front continues.

Claims Recapture of Bunarhissar. A Turkish army has recaptured the town of Bunarhissar from the Bulgarians and also has defeated the Bulgarians in the vicinity of Viza, according to despatches received here this afternoon from Nazim Pasha, commander-in-chief of the Turkish forces.

Bulgarian losses were heavy and that all the Turkish army corps have now been ordered to advance.

The despatch announcing the recapture of Bunarhissar was sent by Nazim Pasha at 4:45 this afternoon. It said also that the Bulgarian column had been cut off.

A telegram from Nazim sent at 2 o'clock this afternoon said: "Our right wing has been advancing since yesterday from Viza. Mahmoud Mukhtar Pasha's army has vanquished the Bulgarian column and now our army correspondents have been ordered to advance."

A communication sent by Nazim Pasha to the Sultan during the morning stated that the Bulgarian forces gradually were being hemmed in on four sides. It especially commended the conduct of his troops at Viza, who were said to be fighting with splendid devotion and courage.

A still earlier despatch from the Turkish commander-in-chief dated Thursday, said the Bulgarians had sustained heavy losses in Wednesday's fighting at Bunarhissar and that a quantity of artillery pieces, rifles, ammunition and other equipment had been captured by the Turks.

Bunarhissar is in Thrace, about 40 miles southeast of Kirk-Kilisheh. Constantinople, Nov. 1.—Via Kustonia, Rumania—The Turkish officer who was at Kirk-Kilisheh when it fell into the hands of the Bulgars in relating the story of the battle, said:

"We had been starving for eight days, and it was impossible for the soldiers, worn out and with empty stomachs, to fight."

Asked what the present situation of the Turkish army was the officer replied:

"It has no situation; there is no hope."

Vienna, Nov. 2.—The "Reichspost" this morning prints a story sent by its correspondent with the Bulgarian army, Lieut. Wagoner. It is dated from the Bulgarian headquarters Thursday evening and says:

"The great and final battle entered the decisive phase Thursday morning when the Bulgarian left wing at Bunarhissar took the offensive with mighty impetus. The final crash at arms was a murderous opening engagement which last Monday resulted very favorably for

WEDDED AFTER A BRIEF COURTSHIP

MISS MARGARET BROWN MARRIED WEDNESDAY IN KITTERY, ME.

Groom is D. Herbert Hostetter, Jr., a Junior in Princeton—Young People Met Two Weeks Ago and Friendship Developed Very Rapidly Into Love Affair.

New York, Nov. 1.—Miss Margaret Brown of Jacksonville, Ill., daughter of the late William Brown, was married in Kittery, Maine, Wednesday to D. Herbert Hostetter, Jr., of Pittsburgh, Pa., a junior at Princeton. It was learned here today when Mr. and Mrs. Hostetter returned from their secret wedding trip. Mrs. Hostetter is 20 years old and her husband 23. They met two weeks ago when they were introduced to each other here by Edward F. Goltz, Jr., son of the Democratic national committeeman from Missouri. The engagement of Miss Brown and Hostetter followed soon and Wednesday they decided it was useless to wait any longer.

They went over to Jersey City together but Jersey marriage licenses were difficult to procure. They started then for Providence, R. I. Hostetter wiring ahead for an Episcopal clergyman to be ready to marry them.

No clergyman was ready so they continued to Kittery, Me., and there the ceremony was performed.

The marriage of Miss Brown in New York came as a surprise to her Jacksonville relatives when Mrs. Lloyd W. Brown received a telegram Friday announcing that the ceremony had been performed at Kittery, Me., and that Mr. and Mrs. Hostetter are now at the Waldorf-Astoria. Miss Brown went east about two weeks ago to prepare her wardrobe as a bridesmaid for a wedding in which she is to take part.

ROOSEVELT SPEAKS IN NEW YORK IN BE HALF OF THE STATE TICKET

Progressive Candidate Speaks for Over an Hour to Enthusiastic Crowd.

New York, Nov. 1.—Col. Theodore Roosevelt for the second time in three days tonight addressed an audience of thousands in Madison Square Garden.

Oscar S. Straus, candidate for governor and other state speakers had held the stage until 9:40 when the colonel arrived.

He was wildly cheered as he forced his way to the front of the platform and waved a welcome to all parts of the hall.

When he could finally make himself heard Roosevelt declared that he spoke in behalf of the Progressive state and local tickets of New York, talked for over an hour, his voice strong and his strength apparently unimpaired by the effort.

Success in the state he declared, was essential to Progressive success throughout the nation.

Early in his speech the colonel referred to the death of Vice-President Sherman saying:

"I am sure I express the feeling not only of all of you here, but of our people everywhere, when I say that we were all affected with sorrow and concern for the death of the vice-president, and in your name I shall ask the chairman of this meeting to send our most respectful sympathy to the stricken woman—the widow of the late vice-president—Mrs. Sherman."

LETTERS PRODUCED WHICH MAY IMPLICATE DEFENDENTS

Government Reads Letters in Court Which May Help Convict All of 45 Men Now on Trial.

Indianapolis, Ind., Nov. 1.—Going back to the calling of a strike by the iron workers' union against bridge constructors in 1905, the government at the "dynamite conspiracy" trial today read letters purporting to show that violence was the beginning of a campaign of explosions later carried out by the McNamara. All of the 45 men now on trial, the government charges, are implicated by the letters.

The first exhibit was a letter written by Frank Buchanan, the president of the International Association of Bridge and Structural Iron Workers, to J. J. McNamara, saying: "If a majority of the executive board approves, a strike should be ordered." A strike was ordered against a bridge company which had sublet a contract to a Boston contractor, who employed non-union men. In connection with this it was pointed out that an explosion occurred at Millers Falls, Mass., in December, 1905.

Buchanan's letters were devoted to the union's business in directing the strike. A letter from McNamara to Frank M. Ryan, who succeeded Buchanan, as read, referred to conditions in Toledo.

McNamara said Buchanan had authorized a member named McClory to "do some missionary work in Toledo," and that \$150 was appropriated for that purpose. McNamara said McClory employed four men, of whom two were arrested for assault.

FOUND NOT GUILTY.
San Diego, Calif., Nov. 1.—Hubert C. Lewis was found not guilty of the murder of Mrs. Kate Tolliver by a jury in the superior court tonight. The jury was out ten hours.

Lewis shot and killed Charles P. Tolliver and his wife, Kate, six months ago. He declared the Tollivers had wronged his young wife.

Crawford Lumber Co.

FOOTBALL TEAMS PLAY OUT OF TOWN

J. H. S. Will Meet Champaign School and Illinois College Goes to Bradley Institute.

Both Jacksonville football teams will play out of the city today. The high school will go to Champaign, where they meet the high school of that city. Champaign has practically the same team they had last year and the local fans feel that they have a big task before them to bring honors to the blue and white. Coach Buland is feeling confident, however, that with a fair show they will bring home the bacon.

The following will be the line up:
Right end—Burdick.
Right tackle—Stewart.
Right guard—Haigh.
Center—Hale.
Left tackle—Hall.
Left guard—Smith.
Left end—Johnson.
Quarter back—Maddox.
Right half—Reeve.
Full back—Jackson.
Subs—Kopf, Spears and Strawn.
Cooper of the U. of I. will referee and Woods of Indianapolis will umpire.

Illinois vs. Bradley.

A hard fought football battle will take place this afternoon when Illinois college meets Bradley Polytechnic school at Peoria. Coach Harmon has been putting his men through a fast practice and the Bradley men will have to be on their toes to beat the bunch. For the past week Bradley's team has been split up on account of six of the regular men quitting, but Thursday they all came back into the fold except one, so they will practically have their old line up.

WITH THE ATHLETES.

ANNAPOLIS, MD., Nov. 1.—The result of a contest that was called an unofficial game was Navy 7; Western Reserve 0.

NEW HAVEN, CONN., Nov. 1.—Yale's cross country team defeated Princeton this afternoon over the six mile course, getting 18 points to the Tigers 39.

Annapolis, MD., Nov. 1.—The football game scheduled to be played here tomorrow between the Navy and Western Reserve of Cleveland, Ohio, has been called off out of respect to the memory of Vice-President Sherman.

CAMBRIDGE, MASS., Nov. 1.—Princeton and Harvard will measure strength, agility and football knowledge in the stadium here tomorrow. The contest will be the first game of the year on eastern gridirons and the first visit of the orange and black to Harvard in 16 years. If the crimson should win, and the betting tonight was 10 to 9 in support of such a contingency, the victory will mark the first Harvard success over the Tigers in a quarter of a century.

PRINCETON, N. J., Nov. 1.—Nearly two-thirds of the Princeton undergraduates body left today for Cambridge to witness the Harvard-Princeton football battle tomorrow. The squad was given a rousing send-off when it started in the morning. The undergraduate contingent, almost a thousand strong, left by special train this afternoon.

Princeton men are hopeful, but far from confident concerning the outcome.

CHICAGO, NOV. 1.—Four unbeaten western football eleven and two leaders in the east are to play for another step toward championship laurels tomorrow in one of the biggest days of football this season. Harvard and Princeton in the big contest in the east. In the "big nine" conference the Chicago-Wilconsin game at Madison is the center of interest. The Minnesota-Illinois game at Minneapolis will be of equal importance in the title race. This game will fix the status of Illinois in the conference as the Urbana team so far is an uncertain quantity.

The Northwestern team will play Purdue on its own field in Evanston tomorrow. The feat of Purdue in holding Chicago 7 to 0 score last Saturday gives the team an advantage over Northwestern on past performances outside of the fact that Purdue averages six pounds heavier than the Northwestern team.

Trade Getters That Merit Attention MUELLER'S MACARONI

MUELLER'S MACARONI is absolutely the finest manufactured and you will agree to this if you buy it. A special value at 2 packages for 25c.

FIRE TOTALLY DESTROYS EXCLUSIVE ST. LOUIS HOTEL.

Panic-Stricken Guests Fight Way to Stairs—Building Valued at \$200,000 Is Complete Loss.

St. Louis, Nov. 2.—More than a dozen guests of the Berlin hotel, an exclusive family hotel in the fashionable residence district, were seriously injured when the hotel was destroyed by fire shortly after midnight this morning.

Guests, panic-stricken, fought their way down stairs and jumped from second and third story windows. Those uninjured made their way to the street in their night clothes in the coldest night of the autumn. The fire broke out at midnight in a closet of the second story of the three story building. It was discovered by Mrs. M. E. Rose, wife of Dr. Rose, in charge of the local naval recruiting station. Although she was

weak from a recent siege of typhoid fever, she ran down the smoke filled hall spreading the alarm. The entire building was enveloped in smoke and flames when the guests were aroused. They rushed to stairways, windows and fire-escapes and made their way out the best way they could.

The building, valued at \$200,000, is a complete loss.

An unidentified pedestrian was run down and probably fatally injured by a fire wagon on the way to the fire. Another fire wagon collided with a street car, three firemen, included a lieutenant, being seriously injured.

At 2 o'clock this morning firemen were still unable to penetrate the ruins to discover if any bodies were in them. A number of the guests of the hotel had not been accounted for at that hour.

Dr. and Mrs. John R. Newcomb and Mrs. S. D. Masters have arrived from Indianapolis and are guests of Mr. and Mrs. A. M. Masters at "The Maples" the Masters homestead into which Mr. and Mrs. Masters have just moved. Dr. and Mrs. Newcomb will be honor guests tonight at Miss Emaline Brown's party.

Clothes basket given with one can baking powder. Claus Tea Co.

CONSERVATIVE TICKET WAS ELECTED.

Havana, Nov. 1.—The election of General Mario Moncal and Enrique Jose Varona, respectively candidates for the presidency and vice presidency of the republic on the conservative ticket, and all of the other conservatives, appeared practically assured tonight.

Absolute order prevailed in all parts of the island today during the balloting for president, vice president and other offices.

General Manuel Sanguily, secretary of state, in leaving the state department late tonight said that while it would be impossible fully to determine the result until tomorrow, the trend of the balloting everywhere was strongly favorable to the success of the conservatives, and the defeat of Alfredo Zayas, candidate for the liberals for president, and the others on the liberal ticket.

Advices received at conservative headquarters here indicated that General Moncal had a landslide in his favor.

In the city of Havana General Freyre Andrade, conservative, was elected mayor by a majority of 2,000. The election was held under supervision of specially detailed army officers commanding sufficient men to compel maintenance of order. Care was taken to see that the soldiers and rural guardsmen remained at a respectful distance from the polls. They prevented more persons than could vote simultaneously from passing through the lines and compelled all persons after voting to leave the polls.

Patrols of cavalry and infantry constantly circulated in Havana to prevent the gathering of crowds, but their services were not needed while the police did not make more than the usual number of arrests.

WANDERS FROM HOME.

Thomas J. Lair wandered from home Thursday afternoon and was found about three and one-half miles southeast of Woodson Friday morning. The man had been out all night and when found he was lying beside the road, almost frozen.

He was taken to Woodson by Conrad Lonergan where Dr. R. R. Jones was called who gave him medical attention and later he was brought to Jacksonville. Mr. Lair is an employee of the Illinois Steel Bridge company and came up town Thursday afternoon to get some medicine. His attending physician says he has a tumor on his brain, which caused him to go away and Mr. Lair thought when found that if he went a little farther he would have been home. No little anxiety was occasioned to members of his family Thursday and Thursday night and a diligent search was made but the missing man could not be located.

BOOSTERS ON FIRST EXCURSION

Members of Club Inspect C. P. & St. L. Shops and Bridge Company Plant.

A loyal bunch of the Young Men's Booster club of the city took their first excursion Friday afternoon.

The street car company granted them the use of a car and the boosters left the square about 1 o'clock and went to the C. P. & St. L. shops. Those in the company included Paul B. Fritchey, F. W. Bender, E. V. Bassett, H. P. Obermeyer, R. I. Dunlap, Charles Knollenberg, J. T. Hoffman, E. C. Roach, Cy Andrews, Byron G. Graff, William Speith, Ralph W. Hutcheson, George Vasconcellos, J. Rodgers, H. J. Rodgers, H. A. Goodrick, W. F. Hornsby, William E. Thomson, C. S. Hillerby, Hume T. Whitacre, Earl Johnson, W. S. Badger, Henry Pinkerton, A. C. Metcalf, Lloyd E. Cuthbert, H. T. Caldwell, Mrs. Allen of Bangor Maine and B. F. Lane.

At the shops the visitors were shown about by George Ingmund, foreman. The visitors were much interested in a new 2,000 ton capacity engine of four drivers, that is under construction at a cost of \$15,000. Every part of this engine is being built at the shop. Explanation was also made of the average engine truck, showing that they had a running capacity of 100,000 miles. The wheels will stand for four turnings before being discarded. Every department of the shops was inspected and various methods of work explained.

The boosters next went to the Illinois Steel Bridge company, where the management there extended them every courtesy. The big friction saw, which cuts cold steel was an interesting piece of machinery, which has recently been installed. This wheel has a velocity of 1800 revolutions per minute, and fairly melts the iron. Other pieces of machinery examined was the angle shear, straightening apparatus, riveting machine, die forcing machine and other equipment. After leaving the bridge company part of the men went to Capps mills. It is expected however, at a later date, to re-visit the mill when more time can be had to see through its various departments.

The purpose of the excursion was to impress on visitors the importance of the steel industry in Jacksonville. The excursion served its purpose, for there were many of the boosters, who had never been to any of the above places. In every instance the largeness of the plants was commended upon and it was certainly an educational trip in great many ways. It is planned to have another trip in the near future, the date to be announced later.

Coal bucket given with baking powder. Claus Tea Co.

SPECIAL ASSESSMENT NOTICE.

Installments, Publishing and Posting.

Notice is hereby given to all persons interested that the City Clerk of the City of Jacksonville, Illinois, having ordered that a brick pavement be constructed on Diamond Alley and Alley B, the ordinance for the same being on file in the office of the City Clerk of said city, having applied to the County Court of Morgan County, Illinois, for an assessment of the cost of said improvement according to benefits, said assessment being payable in 10 installments, each bearing interest at the rate of 5 per centum, and an assessment therefor having been made and returned to the court the final hearing thereon will be had on the 14th day of November, at the hour of 9 o'clock a. m., or as soon thereafter as the business of the court will permit.

All persons desiring may file objections in said court before said day and may appear on the hearing and make their defense.

Dated Jacksonville, Illinois, Oct. 30th, A. D. 1912.

Board of Local Improvements of the City of Jacksonville, Illinois.

By L. V. Baldwin, Appointed to make said assessment.

GOOD NIGHT SHIRTS 50c up. In winter weights are sold daily at FRANK BYRNS' Hat Store.

MORGAN COUNTY CANDIDATES.

The Republican candidates for county offices are men well qualified to serve the people, men who can safely be trusted. F. L. Gregory candidate for state's attorney has been practicing law for twelve years. He is clean, knows conditions Jacksonville and the county and could be relied to administer the affairs of the office with justice and fearlessness. John A. Rawlings in seeking the office of circuit clerk can "point with pride" to his record during the past four years. He has made a capable and efficient official and the records and papers of his office have been kept in a way above criticism.

Allinson Thomason is the Republican candidate for member of the county board. Mr. Thomason is a prosperous farmer who has managed his own affairs with signal success. George V. Skinner is the candidate for coroner. He has held the office for the past two years and has discharged his duties with faithfulness. The coroner's duties are important and Mr. Skinner in that office can be relied upon to give them proper attention.

All meats, vegetables and family supplies fresh daily at Leck's market.

Mrs. Emma Maier, 627 N. 7th St., Springfield, Ill., says her kidney trouble resulted from an operation: "From then until I used Foley Kidney Pills I did not know what a well day was. Then my backache left me, that tired dragged down feeling was gone, I slept soundly and awoke refreshed. I had no more headache or dizzy spells." Safe and sure. Try them. City Drug Store, J. A. Obermeyer.

PRIN. STOOPS TO LEAVE CITY

ACCEPTS SUPERINTENDENCY OF JOLIET SCHOOLS.

His Application Receives Favor Over Seventeen Others for Head of Northern Illinois Institution—Expects to Take up His New Duties Nov. 15.

Principal R. O. Stoops of the local high school, handed in his resignation to the board of education Friday, in order to accept the superintendency of the city schools of Joliet. The announcement of the resignation came as a great surprise to nearly everyone and expressions of regret were heard from every side that Mr. Stoops and his family are about to leave the city.

A week ago Friday Mr. Stoops received a communication from Joliet saying that it might be to his advantage to go to Joliet as there was an opening in the office of the superintendent of the school there. Mr. Stoops made the trip and had a talk with the members of the board. There were 18 applications for the position and Wednesday Mr. Stoops received word that two men were then being considered for the position, and that he was one of the two. Friday morning he received the telegram saying that the board had voted unanimously to give him the position.

The office was made vacant through the resignation of Edward F. Worst, who goes to Chicago to of the public schools of that city, a of the public schools of that city, a comparatively new department. The Joliet schools contain over 200 teachers and the position pays a salary of \$3,000 with a possible raise to \$4,000.

Upon receipt of the telegram announcing his appointment, Principal Stoops notified the members of the board of the fact and handed in his resignation to take effect Nov. 15. In the letter he also stated he would not even leave at that time if in any way he would interfere with the workings of the local high school. He stated that he would be willing to remain until everything was satisfactory to the board. The offer embraced such an advancement that Mr. Stoops felt that he could not afford to turn the proposition down.

Mr. Stoops has been in Jacksonville for nine years. He is formerly from Ipava, Ill. He graduated from the Lake Forest university in 1892 and for four years between his high school course and his college course he taught in the country schools. Two years following his graduation he was superintendent of the schools at Elmhurst, Ill. He came to Jacksonville in 1903 to assume heard of Whipple academy and two years ago last February was chosen principal of the local high school, so that his years of experience as a teacher has covered a great many years. He took a master's degree from Illinois college and has taken a number of valuable summer college courses.

His work at the high school has been of a superior order and it is with sincere regret that he leaves the institution. Both he and his family have made a host of friends here and they too feel the deep regret of leaving the city, where they have formed such warm friendships.

UTICA PAYS TRIBUTE SHERMAN'S MEMORY

(Continued From Page One.)
With him will be his military aides and other members of his party. To the left of the nation's chief executive will be seated the honorary bearers and across the aisle will be the active bearers.

The block of pews back of the one occupied by the president will be held for senators, congressmen, cabinet officers and members of the Utica organizations that will be represented at the funeral.

On the right side of the center aisle the pews from the front to the rear of the church will be reserved for members of the Sherman family and their immediate friends.

The casket will be placed on a dais in front of the pulpit which will be flanked by members of the Conkling Unconditionals, a political club of Utica.

Republican Leaders Confer.

New York, Nov. 1.—The name of Governor Hadley of Missouri is understood to have figured prominently in brief conferences which Republican leaders had with President Taft here late tonight over the vacancy on the Republican ticket caused by the death of Vice-president Sherman. The president will leave at 8:50 tomorrow for Utica to attend Mr. Sherman's funeral.

It was said that the leaders heard the president expressed his approval of the mention of Governor Hadley but no formal announcements were made.

GOOD NIGHT SHIRTS AND PAJAMAS FRANK BYRNS' HAT STORE.

ATTACKS U. S. SENATE.
Rochester, N. Y., Nov. 1.—Governor Woodrow Wilson in his speeches here tonight directed an attack on the United States senate as a citadel of private interests, declaring the people had not had possession of that body for a generation.

"The senate, tainted by the purchase of seats to the shame of the people of the country, tainted by the point of view of its life-long members has not in our time responded to the impulses of the people of the United States," he said.

Quality and reasonable prices characterize Knobs' clothing.

REPUBLICAN PARTY.

Election, Tuesday, November 5.
For President of the United States:
WILLIAM HOWARD TAFT
of Ohio.

For Vice President of the United States:
JAMES SCHOOLCRAFT SHERMAN
of New York.

For Governor:
CHARLES S. DENEEN,
432 West Sixty-first Place, Chicago.

For Lieutenant Governor:
JOHN G. OGLESBY
of Elkhart.

For Secretary of State:
CORNELIUS J. DOYLE
of Greenfield.

For Auditor of Public Accounts:
JAMES S. McCULLOUGH
of Urbana.

For State Treasurer:
ANDREW RUSSEL
of Jacksonville.

For Attorney General:
WILLIAM H. STEAD
of Ottawa.

For Trustees of University of Illinois:
A. P. GROUT
of Winchester.

CARRIE ALEXANDER-BAHREN-
BURG,
223 East Main street, Belleville.

P. A. PETERSON,
1219 Seventh street, Rockford.

For Representatives in Congress,
State at Large:
WILLIAM E. MASON,
3314 Washington Blvd., Chicago.

BURNETT M. CHIPPERFIELD
of Canton.

For Representative in Congress,
Twentieth District:
E. E. BRASS

GEORGE V. SKINNER
of Jacksonville.

For County Surveyor:
E. M. HENDERSON
of Jacksonville.

For County Commissioner:
ALANSON THOMASON,
R. F. D. 3, Chapin.

ETTOR REFUSED SPEECH.

Salem, Mass., Nov. 1.—J. J. Ettor, leader of the Lawrence textile strike last winter, who with Arturo Giovannitti and Joseph Caruso is on trial here charged with responsibility for the murder of Anna Lopizzo, sought to make a personal statement to the court today just before opening remarks for the defense began. His request was denied, and Judge Quinn ordered counsel for the defense to proceed.

The first witness for the defense will testify tomorrow.

FIND ELY'S CAP ON BRIDGE.

Chicago, Nov. 1.—A cap found by detectives today on the Twelfth street railroad bridge was identified by his relatives here as belonging to Dr. W. R. Ely of Gibson City, Ill., who disappeared Tuesday night. Dr. Ely, with Mrs. Ely was in this city for the purpose of buying an automobile. He had about \$1,000 in currency and jewelry with him when he was last seen by Mrs. Ely. The cap has a hole in it, which the police say might have been made by a bullet or a knife.

THAT TERRIBLE ITCHING.

Can Be Quickly Cured by New Inexpensive Treatment.

Don't suffer any longer with skin troubles, but go to day and purchase a jar of Hokara, the greaseless and antiseptic skin food, and see for yourself how quickly it relieves and cures all skin diseases or irritations. Hokara not only cures pimples, blackheads, acne, etc., but the worst cases of eczema, salt rheum, ulcers, etc., are quickly cleansed and healed by this wonderful treatment.

Armstrong's Drug Store, local agents, are selling a liberal jar for 25c and they guarantee to refund the money if Hokara does not do what is claimed for it. Larger sizes 50c and \$1.00.

☒ EUGENE D. PYATT

EXPLAINS WHY HE DID NOT COME.

Chicago, Nov. 1.—In a letter to Medill McCormick, received today, Colonel Roosevelt, explains the reason for his inability to speak at the Illinois state fair recently in behalf of the Progressive ticket. He says:

"As you and I had already spoken repeatedly in Illinois this year and felt that it was proper that I should give more time to states where I had not spoken, such as Michigan and Wisconsin, where I spoke both at Milwaukee and Oshkosh. If it had been possible I would have spoken on the support of Frank Funk at Springfield and elsewhere."

GOOD NIGHT SHIRTS 50c up, in winter weights are sold daily at FRANK BYRNS' HAT STORE.

Doctors H. L. Griswold, C. M. Hopper and C. B. Sawyer have returned from St. Louis. They attended the clinical exhibit of the Dental Manufacturers club. All that latest and best in modern dental equipment and appliances were shown and thoroughly demonstrated.

GOOD RESOLUTIONS

Those that make for comfort, convenience and economy and are lived up to--such are the resolutions to install gas in the home, as a means for lighting, heating and cooking. Certainly no intelligent man or woman today would be without gas unless they were where it could not be secured. As a matter of fact, people in the country realize so fully its advantages that they have imitated it by installing acetylene plants, which are extremely costly. However, for the small sum of \$1.25 per room, you can have gas in your home. Why not see us today about this matter?

TRADE ACTIVITY IS UNABATED

BUSINESS MOVEMENT SHOWS NO HESITANCY.

Imminence of Presidential Election Does Not Effect Buying in Cereal Producing Sections.

New York, Nov. 1.—Bradstreet's tomorrow will say:

Trade movements, considered in a collective sense show no material hesitancy because of the imminence of the presidential election. In the great surplus cereal producing sections buying continues unabated and it is only in the east that there is a tendency to mark time, but there, as elsewhere business is strongly buttressed with orders previously booked. The integral feature of the situation can be encompassed in the statement that there is need for goods and that stocks with first hands are light.

The shortage of labor together with heavy consumptive requirements having made for under production. Jobbing trade in the northwest, southwest and middlewest continues exceptionally good while in the east buying from jobbers is of the small-lot but frequent type, principally through the mails.

Throughout a large part of the south and on to the Pacific coast improvement is reflected, though in the lower south Atlantic states things are dull, this section being about the only backward part of the country, for which condition a poor and late cotton crop is mainly responsible. The wheels of industries continue to move at a swift pace. In the iron and steel lines a solid-ahead condition prevails and material for railway and equipment concerns is being taken in liberal quantities. Buyers of tin-plates, hoops, and plates are booked as far forward as the third quarter of 1913. Jobbing trade in dry goods, groceries and shoes continues to manifest activity though some reservation must be made for the former line in the east.

Business failures in the United States for the week ending October 31st were 256 against 229 last week; 200 in the like week of 1911; 179 in 1910; 212 in 1909 and 205 in 1908.

R. G. Dun's Review.

New York, Nov. 1.—R. G. Dun and company's Weekly Review of Trade tomorrow will say:

So far as the business outlook is concerned conditions continue those of remarkable activity and soundness in most industrial and mercantile lines. One of the most important developments is the energy and courage of the railroads in the purchase of new rolling stock and other supplies in order to prepare for the expansion of trade.

Production in iron and steel is limited only by capacity of mills and time and labor, and yet consumption still outstrips production and prompt delivery is difficult. In railroads mills are sold ahead up to June and new business keeps up well, notwithstanding that rollings for spring track laying cannot be made by the leading interests. There is a continued scarcity of crude steel and lots for prompt delivery command a premium while steel bars, plates and shapes are strongly held.

The dry goods trade has been steady and prices have shown pronounced firmness. In cottons the jobbing trades are receiving orders quite freely and as stocks in first hands are low, the maintained demand accounts for the firmness in values and the readiness with which prices advance with the appearance of ordinary buying. Print cloths,

and convertibles are slightly higher and some readjustment in the price of bleached goods is anticipated. Ducks and cloths are well under contract, percales continue to sell well and ginghams are firm, while tyings and denims are under order for the next few weeks. Export shipments continue large. There is a steady call for all kinds of woollens and worsteds and many requests are being made for immediate delivery of goods not yet due.

The shoe trade is reasonably active and firm. Leather and hides continue very strong with advancing prices. So far as the agricultural situation has changed it is for the better and it is especially noteworthy this week while the weather continues favorable for cotton and receipts are heavy, prices have advanced because of a large demand from the mills. Thus in every direction low stocks, coupled with restored confidence and revived activity, create a demand that tests productive capacity.

SPECIAL ASSESSMENT NOTICE.

Installments, Publishing and Posting.

Notice is hereby given to all persons interested that the City Council of Jacksonville, Illinois, having ordered that a 10-inch vitrified sewer be constructed on the roadways of Doolin avenue, Duval street and Cox street, the ordinances for the same being on file in the office of the City Clerk of said City, having applied to the County Court of Morgan County, Illinois, for an assessment of the cost of said improvement according to benefits, said assessment being payable in 6 installments, each bearing interest at the rate of 5 per cent per annum, and an assessment therefor having been made and returned to said court, the final hearing thereon will be had on the 14th day of November, A. D. 1912, at the hour of 9 o'clock a. m. or as soon thereafter as the business of the court will permit.

All persons desiring may file objections in said court before said day and may appear on the hearing and make their defense.

City of Jacksonville, Illinois, Oct. 30th, A. D. 1912.
Board of Local Improvements of the city of Jacksonville, Illinois.
By C. H. Harney,
Appointed to make said assessment.

DENTAL SOCIETY TO MEET.

Morgan County Organization Will Elect Officers at Session

A meeting of the Morgan County Dental society will be held Thursday afternoon, November 7, at 1:30 o'clock at the Dunlap house when the election of officers will be held.

A good program has been prepared for the meeting as follows:

Clinic touching upon upon the following points relative to orthodontics:

Early Diagnosis.

Periculous Habits of Childhood.

Retention.

Co-operative treatment.

Dr. R. C. Willett.

Table Clinics:

Dr. Sawyer.

Dr. Conroy.

Dr. Kopperl.

Dr. Young.

Order your Sunday Examiner in advance and start your collection. A different state every Sunday.

MISS BROWN IMPROVING.

Miss Ruth Brown, who was thrown from a horse in Calgary, Canada, five weeks ago and suffered the fracture of one of her limbs and collar bone, is improving nicely although she is still in the hospital.

BEAVER COLLEGE WANTS HALF MILLION DOLLARS.

President Harker has just received a letter from President Le Roy Weiler of Beaver College, Pennsylvania, stating that they have inaugurated a campaign for \$500,000. Beaver college is a woman's college of standard grade, situated near Pittsburgh, and is appealing to the people of that section of the country for \$500,000. In making the appeal the trustees have issued the following statement:

"The question of woman's colleges before the country. Thinking people are coming to recognize more and more that the training of our young women should differ materially from the training of our young men. There is a growing tendency on the part of our young women to prefer woman's colleges, while many of our coeducational colleges are emphasizing themselves for men, and indicating more or less directly, by administrative suggestion and action, the secondary place they wish women to occupy in their student bodies. The larger place which women are coming to hold in our industrial, economic and political life, their prominence in the activities of the church, the woeful lack of Christian training in our homes, resulting in moral decay in our social life, and a lack of men for the Christian ministry, which can be traced largely to defects in early training, all call for a trained Christian womanhood."

With its splendid history, noble traditions, strategic location, and almost unprecedented opportunities, Beaver college should become a larger factor in such training and a greater power for the kingdom of God and the uplift of the race. The co-operation of all who believe in Christian education can bring about this consummation."

It reads as if this had been written about our own Woman's college here in Jacksonville. If the friends of Beaver feel that they must have \$500,000, surely the Woman's college is making a very reasonable appeal in asking for \$180,000, and it is still more reasonable when the friends of Christian education in and about Jacksonville are asked for only \$60,000 of the \$180,000.

The Woman's college means much for Jacksonville in every way and when it makes its appeal for \$60,000, the response ought to be hearty and generous.

NOTICE BY PUBLICATION.

To, Clyde Sperry:
You are hereby notified, there is pending in the circuit court of Morgan county, Illinois, on the chancery side of the docket, a bill for divorce from you, as defendant, by Phyllis Miller Sperry, as complainant, to the November term, A. D. 1912, of said court and that summons has been issued to you and Phyllis Miller Sperry, complainant, has filed an affidavit in this office that you are a non-resident of the state of Illinois.

You must appear on Monday, November 11th, A. D. 1912, at the court house in Jacksonville, Morgan county, Illinois, either in person or by attorney, and plead, answer or demur to the bill filed, or the same will be taken as confessed by you. (Seal) John A. Rawlings, Clerk of the circuit court, Morgan county, Illinois.

Wm. N. Hairgrove, solicitor for complainant.

QUICK RELIEF

FOR RHEUMATISM.

George W. Koons, Lawton, Mich., says: "Dr. Letcher's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist.

DRAIN TILE

When it comes to **QUALITY** and **PRICE** on **DRAIN TILE** the product from the new plant (The White Hall Drain Tile Co.) satisfies every purchaser, and every purchaser becomes a "booster" for our Drain Tile.

If you do not have our prices from the new plant, same will be sent you on receipt of inquiry. A sample Drain Tile will also be sent on request.

Four to five cars of small sizes are manufactured at the new plant daily and about as much more of the large sizes at our large factory.

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. **THE ONE REMEDY** which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.

LADIES

King's Needlecraft and Lace Studio of Springfield, Illinois

will display their exclusive line of Finished and Stamped goods of all description. Infants hand made Garments. Xmas novelties, thread etc.

DUNLAP HOTEL THURSDAY, FRIDAY, SATURDAY
NOVEMBER 7-8-9.

Vote for

William F. Roegge

of Meredosia

For County Commissioner

He is a successful farmer and a business man. Those who know him best have implicit confidence in his ability and will vote for him, irrespective of party.

In his precinct he is a leader.

He is chairman of the Meredosia Lake and Drainage district, which was organized seven years ago, and has expended over \$100,000 of his neighbors' money to their entire satisfaction.

He is president of the Meredosia Farmers' Grain company, one of the most successful in the state. He has served his school district as a director and has never before sought public office.

William F. Roegge is a business farmer, of a sturdy German ancestry, owning his own farm and handling it profitably. As commissioner he will care for the people's business. He is the Democratic nominee, and will appreciate the support of all voters.

THE CARE OF THE SICK IN THE HOME.

(An article by a student in the home economics department of Illinois Woman's college, Miss L. H. Gillett, director.)

In almost every home there is a time when one of the members of the family is ill. And as a rule we are never prepared for this sickness. It often comes upon us suddenly, and even if we have been forewarned there has to be more or less change in the usual routine of the home. In the time of sickness the one who is ill is the important consideration, therefore the most desirable room in the house should be prepared for him during this time.

Ideally, the sick room should be on the southeast side of the house. The room should be bright, cheerful, sunny, quiet and large. A sick room should be as far away from the street as possible. Ventilation, we might say, is the most important feature of the care of the room. By ventilation is meant the displacement of impure air by pure air. Windows should be opposite for perfect ventilation, but many times this is impossible, and so the desired effect may be obtained if a door is opposite a window, thus allowing a direct draft through the room. Each morning the patient should be covered warmly and if necessary a screen placed to keep him out of the direct draft, then the doors and windows thrown wide open to allow the displacement of the impure air by the pure. Gas burners should not be used in a sick room, even a kerosene lamp is preferable to gas, electric lights are the best. One gas burner consumes as much oxygen as three people, and it gives off a carbon dioxide gas which is poisonous. Dust and filth contaminate the air, while rain carries the air of dust, growing plants take in carbon dioxide in the day time and give off oxygen, so may be used as an additional means of ventilation. The temperature of a sick room should not be kept above 65 or 70 degrees Fahrenheit and in cases of fever a lower temperature is preferable.

An iron bed is better than a wooden one, as the former may be thoroughly washed. The bed should be high enough that the person who takes care of the patient will not have to bend over much. The bed can be arranged in the home by placing blocks of wood or brick under the legs of the bed. The linen should be a chair for each. There should be as little furniture as possible for comfort and convenience. The wall paper should not have large patterns so that the patient will be able to imagine fantastic and annoying shapes from them. A few cheerful pictures may be on the wall. It is better to have a bare floor without rugs. There should be a chair for each the doctor and the nurse. A small table at the bedside for a glass of water or a magazine, the medicine however being kept in an adjoining room or closet, out of the patient's sight. Draperies should not be used as they catch too many germs.

Great care should be taken in changing the patient's clothing. Adjust the pillows under the back or under the knees to relieve the strain on the muscles. Mouth washes, baths and alcohol rubs are of great importance to the patient's comfort. Each article used in the sick room should be sterilized thoroughly each time after using and antiseptics used freely.

The sick room and the kitchen are very closely related. The diet of an invalid depends, of course, upon the nature of the disease, but there are a few principles to be observed in any case. The patient should never be asked what he wishes, but a meal suitable to his needs should be prepared. The meat should be well cooked, the dishes supposed to be hot being served very hot, and those cold, very cold. A tray should be used and a white cloth or napkin spread over it. Dainty china and attractive silver help to make a pleasing effect upon the patient, the exact number of pieces of silver needed should be present and placed in the order to be used so that the patient is not irritated in any way. The appearance of the tray is made more pleasing by a touch of nature, as a single flower if only a clover blossom. All things in connection with the sick room and the sick should combine strictly sanitary conditions with attractiveness.

Frances Freeman.

BANK CLEARINGS.

New York, Nov. 1.—Bradstreet's bank clearings report for the week ending October 31st, shows an aggregate of \$3,463,550,000 as against \$3,747,332,000 last week and \$3,302,060,000 in the corresponding week last year.

The list includes the following:

		Inc.
New York	\$2,042,574,000	6.0
Chicago	310,205,000	9.0
Boston	163,582,000	16.6
Philadelphia	157,750,000	2.5
St. Louis	75,359,000	1.6

Decatur	479,000	1.0
Jacksonville	272,000	3.2

Mr. and Mrs. James Campbell residing a few miles west were in the city yesterday.

BULL MOOSE VOTES TO GO FOR DUNNE

Republican Committee Says That Third Party Leaders in Cook County Are Openly For Democratic Candidate.

The Republican state central committee last night issued the following statement from Chicago headquarters:

Chicago, Ill.,
Nov. 1, 1912.

The Republican state committee to day secured strong evidence that the Bull Moose state organization has abandoned all hope of electing Funk governor, and that it has sent the word along the line to throw the Bull Moose vote to Dunne in order to defeat Deneen. In Chicago it is known that the Bull Moose county organization, controlled by Harold F. Ickes, has instructed its workers to deliver to Dunne. This has been expected ever since the inception of the campaign in view of the open support of Charles E. Merriam for mayor by the Dunne organization in 1911, after Dunne's defeat by Harrison for the Democratic nomination for Mayor. Ickes was then chairman of the Merriam campaign committee. It is understood that the Dunne managers have been insisting strenuously that the Merriam element of the Bull Moosers make good on old promises and the Chicago committee in view of the instructions which have gone out from the Bull Moose headquarters.

COMMERCIAL ORGANIZATION.
What will I get out of a Commercial Organization, inquires a citizen. This is no infrequent question and most easily answered when once the true meaning and agency of the commercial organization is understood.

Your commercial organization is a business institution, incorporated to develop the mercantile, industrial, educational and civic interests of your city. It has its stockholders (members), its officers, board of directors, and like any other business institution, it has a designated place of business and a specific purpose.

As a stockholder in a manufacturing concern you buy a certain number of shares meeting the obligation by a cash payment and by so doing identify yourself with the interests of that concern and are entitled to whatever dividends accrue to the stock from the earnings of that company. The Commercial organization is incorporated to deal in a commodity called "community development." It issues its stock to the citizen of the town requiring them to pay part in cash and the balance in co-operation and moral support of the measures of community development that are being promoted by that organization. No stockholder can cancel his obligation to his commercial organization by simply paying the cash payments as designed in its constitution and by-laws. If you will put into it your co-operation, your initiative, your pushing strength as well as your cash you will find that there is no investment on earth that will pay as big a dividend as will your commercial organization.

You ask, how? To be specific—your commercial organization, by uniting its forces and pushing the opportunities that lie before it, could easily increase the mercantile interests at least 10 per cent, a very little work on industrial development will increase your manufacturing output 10 per cent, co-operation among the business men to bring about the intensifying of crop culture would soon increase your agricultural industry 10 per cent—this in round figures would mean an additional half million dollars to Jacksonville. In addition to this your Commercial organization maintains a credit rating system, protecting its members from fraudulent credit. It also puts a ban on all kinds of fake advertising schemes, which alone is saving the merchants about \$10,000 yearly (amounts to a per capita of \$35 on a membership of 2500). Is there anyone who would say that this protection alone is not worth \$12 a year. This does not take into consideration the many other lines of development it has to deal with in promoting the various educational and civic interests of our city.

Mrs. O. J. Libery and J. E. Shirk of St. Louis are visiting their aunt Mrs. Ryol, 1716 S. Main street. They will depart for their home Sunday.

TO AILING WOMEN.

A Little Sound Advice Will Help Many a Sufferer in Jacksonville.
No woman should consider herself healthy and well if the kidneys are weak. Poisons that pass off in the secretions when the kidneys are well, are retained in the body when the kidneys are disordered. If the kidneys and bladder become inflamed and swollen worse troubles may quickly follow. This is often the cause of bearing-down pains, lameness, backache, etc. Uric poisoning is also frequent cause of headaches, dizzy spells, languor, nervousness and rheumatic pains.

When suffering so, try Doan's Kidney Pills, a remedy that has proven effective in thousands of such cases. Let a Jacksonville woman tell of her experience.

Mrs. Eva Martin, 902 Hackett avenue, Jacksonville, Ill., says: "I have taken Doan's Kidney Pills for several years and I know them to be a good, reliable remedy. When I have a pain in my back and my kidneys do not act regularly, I get Doan's Kidney Pills at Armstrong's Drug Store. They bring me great relief and I have no hesitation in saying so."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

NOTICE TO HOLDERS OF ILLINOIS WOMAN'S COLLEGE BONDS

Notice is hereby given that bonds numbered respectively 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24 and 25, which are due and payable the 1st day of June, 1913, are hereby called for payment the 1st day of December, 1912, at the office of the treasurer of the Illinois Woman's college at the Jacksonville National bank, Jacksonville, Ill., with accrued interest to Dec. 1, 1912.

In accordance with the terms of these bonds, interest will cease after December 1, 1912.

A Night of Terror.

Few nights are more terrible than that of a mother looking on her child choking and gasping for breath during an attack of croup, and nothing in the house to relieve it. Many mothers have passed nights of terror in this situation. A little forethought will enable you to avoid all this. Chamberlain's Cough Remedy is a certain cure for croup and has never been known to fail. Keep it at hand. For sale by all dealers.

STATE NEWS.

Find Skeleton of Baby.—Sensation reigned in the vicinity of the old Nell property at 422 North Adams street, Peoria, when it became known that the skeleton of a baby had been found in a battered suit case in an abandoned cistern, where it had apparently lain for several years. The ghastly find was made while engaged in excavating for a coal cellar.

A Costly Hunt.—Leonard Howard, 40, hunting with a 9-year-old companion, handed his rifle to the boy who accidentally pulled the trigger and the bullet entered the base of Howard's brain, causing death three hours later.

Sudden Death.—Joseph Mattes was thrown from a spring wagon when the tongue dropped and suffered a broken neck. He died almost instantly.

Lost Her Money.—Mrs. Dutton, of Abingdon, was suspicious of banks and kept her money sewed up in her skirts. She was away from home a few days ago when not only her

house but her roll of money amounting to several hundred dollars, burned up.

Y. M. C. A. NOTES.

The Intermediate gymnasium class of the Y. M. C. A. met Friday night for supper and a business session. Several committees were appointed and plans outlined for some new work. The chairman of the program committee for the winter are: Dale Boxell, Weir Wood, Everett Long, and Glen Johnson.

The program consisted of a comedy called "The District School" and the following were the participants: Schoolmaster, H. A. Brewer; Archibald Chase, Everett Long; Bill Bowers, Weir Woods; Ephraim Bungle, Walton Boxell. The committee in charge of the supper for next Friday is composed of Everett Long, Thomas Hale, Orrel Rutledge.

The Older Boys' Gymnasium class will hold their apparatus examination this morning at 9:30 o'clock. This is a test to determine just what each boy should work with.

Mrs. Isabel Palmer Canniff of Chicago and Mrs. William Miner of Richmond, Va., are guests of Mrs. Walter Ayers.

Royal Baking Powder Absolutely Pure

Royal Baking Powder exceeds others in leavening power, in purity and wholesomeness, and is used generally in families, exclusively in the most celebrated hotels and restaurants, by the United States Army and Navy, and wherever the best and finest food is required. Teachers of cooking schools and lecturers upon culinary matters use and recommend the Royal.

Royal is the only baking powder made from Royal Grape Cream of Tartar. It is admittedly the best and most healthful baking powder made.

When you know what is best,
please ask for it.

SEVEN YEARS OF MISERY

How Mrs. Bethune was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Sikeston, Mo. — "For seven years I suffered everything. I was in bed for four or five days at a time every month, and so weak I could hardly walk. I had cramps, backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband's told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like it, too. I can do all my own housework, work in the garden and entertain company and enjoy them, and can walk as far as any ordinary woman, any day in the week. I wish I could talk to every suffering woman and girl, and tell them what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. DEMA BETHUNE, Sikeston, Mo.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it?

EDUCATION NOTES.

Nearly two-thirds of the American public school enrollment is in the rural schools.

The largest public school building in Europe is the new continuation school in Vienna.

Home economics is to be made compulsory in the primary schools of Saxo-Weimar, Germany.

The educational expenditures for Scotland for the past fiscal year was \$18,000,000, of which \$840,000 was for continuation schools.

An investigation of the Prussian schools shows that an average of 16 per cent of the pupils evade the prescribed physical exercises by physician's certificates or other means.

A traveling school of domestic science has been instituted in the department of Yonne, France. The school will make a stay of three months in any commune where an attendance of fifteen is guaranteed.

Similar itinerant schools for domestic science exist in Ireland.

Some of the exciting experiences of teachers and others in service in Alaska are told in recent report received by the United States bureau of education. One of the most interesting reports describes the eruption of Katmai volcano, in western Alaska, which destroyed a native village and buried the country for a hundred miles around in volcanic ash.

Three feet of pumice covered the ground where the village of Katmai formerly stood, and natives had to flee for their lives. They were eventually rescued by the United States revenue cutter Manning and taken to a new site on Ivanoff bay, where the government has set them up in housekeeping. A school will probably be established in the new village.

New York's magnificent new state education building is now completed and will be dedicated in October. It is considered one of the finest structures in the world devoted to educational administration. It is surrounded by what is said to be the longest colonnade in existence. The building cost \$3,500,000. Prominent educators of this country and abroad have been invited to be present at the dedication ceremonies.

An increase in significance of the A. M. degree is planned by university authorities. Yale and Rutgers now require two years of study after graduation for this degree, whereas one year has been the requirement heretofore. The aim is to raise the standard of the A. M. so that it will be sought by highly qualified men and women who have a special inclination for the pure research work demanded by the Ph. D.

The republic of Uruguay is making rather remarkable progress in primary education. Six years ago Dr. A. J. Perez, in charge of the service, aroused by the backwardness of this country in this respect, entered upon a campaign of education. The result is that the republic has increased its appropriations for the aid of schools; normal training has been greatly improved and the efficiency of the local inspectors has been greatly increased.

The state of Minnesota has engaged Dr. Ernest B. Hoag, a health expert, to travel about the state and demonstrate to the citizens that rational conservation of the mental and physical health of children is possible and practicable with the means already at hand. Three plans are proposed: (1) Organization with a medical officer and a nurse or nurses; (2) organization with a school nurse or nurses only; (3) organization by the employment of a simple nonmedical health survey on the part of the teacher only. To make it possible for every community, however small, to possess the necessary technical knowledge, the state board of health will maintain at the state capital a "clearing house of information concerning child hygiene, medical supervision, the teaching of school hygiene, and the like."

One Room School Houses in Illinois. Labeling country school houses so that every citizen may know whether his school is up to the standard is the device of the Illinois state school authorities, according to information received at the United States bureau of education.

The schools are inspected as to grounds, building, furnishings, heating, ventilation, library, water supply, sanitation and qualifications of the teacher. If the essentials of a good school are found present a diploma is granted the district and a plate is placed above the door of the school house designating it as a "Standard School." Upon fulfillment of certain further requirements a higher diploma will be issued and the plate will read "Superior School."

Already 657 of the 10,532 one room school houses in Illinois have earned the right to be called standard schools and to display the plate accordingly.

This interesting device is part of a vigorous campaign waged by the state of Illinois in behalf of rural education. Two experts on rural education, U. J. Hoffman and W. S. Booth, under the direction of Hon. F. G. Blair, state superintendent of public instruction, are devoting their entire time to the country and village schools.

Declare War on Colds. A crusade of education which aims to "stamp out" the next generation has been begun by prominent New York physicians. Here is a list of the "douts" which the doctors say will prevent the annual visitation of the cold:

"Don't sit in a draughty car."
"Don't sleep in hot rooms."
"Don't avoid the fresh air."
"Don't stuff yourself at meal time. Overeating reduces your resistance."

To which we would add—when you take a cold get rid of it as quickly as possible, to accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by all dealers.

16TH DISTRICT ENCAMPMENT

Third Annual Meeting of the L. O. O. F. Association Will Convene Here November 15.

The third annual meeting of the Sixteenth District Encampment, L. O. O. F. association, will meet here Friday, Nov. 15.—The association comprises the counties of Morgan, Cass, Scott, Greene and Pike, and it is expected that a large number will be in attendance. The exercises will begin at 3 o'clock and close in the evening, after the Royal Purple degree is given, with an oyster supper and toasts.

The school of instruction, conducted by Norman Waltrip, Grand Junior Warden, assisted by Grand Scribe Sam J. Baker and other grand officers, will be held at 3 p. m. Degree staff of No. 9 will put on the work and other degree staffs have been invited to participate in the work.

The program issued by the committee contains the picture of W. D. Crowell of Portland, Ore. He is the oldest living member of Ridgely Encampment No. 9 and is the only living charter member of Urania lodge No. 243. He was initiated into Illini lodge No. 4, March 7, 1854, and admitted to Ridgely Encampment No. 9, April 2, 1855. He is a charter member of Urania lodge No. 243, October 7, 1857.

The following is the program:
5:00 p. m. Business Meeting of 16th District Association.
7:00 p. m. Regular Meeting of Ridgely Encampment No. 9.
8:00 p. m. Patriarchal Degree—Degree Staff of No. 9.
9 p. m. Golden Rule Degree—Degree Staff of No. 9.
10:00 p. m. Royal Purple Degree—Degree Staff of No. 9.

Officers of Association.
President—Henry Higgins, No. 66.
Vice-president—L. H. Palmer, No. 7.
Treasurer—A. H. Bains.
Secretary—J. T. Osborne.

Refreshment committee—T. S. Martin, G. A. Muehlhausen, H. Weber, Joshua Vasconcellos, George W. Siegfried, Elmer Henderson.

Reception committee—J. Clark, Rothwell, T. C. Phelps, F. H. Thies, Onias Seymour, John Minter, H. E. Frye, S. Baldwin, W. H. Kltner, T. M. Tomlinson, Ralph Crabtree, Andrew Russell, Carl H. Weber, E. E. Henderson, W. C. Howe, J. K. Long, C. E. Seymour.

Twinges of rheumatism, backache, stiff joints and shooting pains all show your kidneys are not working right. Urinary irregularities, loss of sleep, nervousness, weak back and sore kidneys tell the need of a good reliable kidney medicine. Foley's Kidney Pills are tonic, strengthening and restorative. They build up the kidneys and regulate their action. They will give you quick relief and contain no hurtful or forming drugs. City Drug store, J. A. Obermeyer.

HANDSOME WINDOW DRESSING.
At Hoppers' shoe store a handsome front window tastefully dressed attracts passersby with its appearance. It is the work of Fred Hepper who is paying special attention to that kind of work and is making a fine success of it. Colored leather various kinds of shoes tastefully arranged and other things make the window look as if an artist in that line had had it in hand.

A TEXAS WONDER.
The Texas Wonder cures kidney and bladder trouble, removes gravel, cures diabetes, weak and lame backs, rheumatism and all irregularity of the kidneys and bladder in both men and women, regulates bladder trouble in children. Not sold by your druggist, but sent by mail on receipt of \$1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for Illinois testimonials. Dr. E. W. Hall, 2925 Olive street, St. Louis, Mo. Sold by druggists.

PROBATE COURT.
Conservatorship of W. C. Wright. Report approved and conservator discharged.

In the matter of the primary election on April 9, 1912. Destruction of ballots. County clerk ordered to destroy ballots, in presence of Perry White and John E. Hall.

Estate of Matilda Burnett, deceased. Relinquishment of right to award. Ordered that same be recorded and filed. Appraisement bill approved. Petition for private sale of personal property.

In the matter of Harden Wallie Bell, a poor person. Petition for attachment. Ordered that John and Mack Bell show cause why they should not be cited for contempt.

In the matter of the estate of G. A. Wheeler, Widow of deceased appears and objects to award as insufficient and appraisement bill referred back to appraisers to amend same by increasing amount of award from \$1400 to \$1900. Appraisement bill as amended approved.

Estate of T. C. Headen, deceased. Inventory approved.

Estate of Mary W. Chambers, deceased. Petition for letters testamentary. Allowed and same to issue to F. H. Wemple, bond, \$3,000.

Mr. Hiram Steele, 628 N. 6th St., Terre Haute, Ind., writes: "I came down with a severe case of kidney trouble. I had to 'ret up too often at night, there was pain and much sediment, puffs under my eyes, back pained terribly, and I was dizzy. Foley's Kidney Pills cured me quickly, and I feel 100 per cent better. City Drug Store, J. A. Obermeyer."

FUNERAL NOTICE.
Funeral services for Fred Montgomery will be held at the residence of his mother, 711 South Diamond street, this afternoon at 3 o'clock and interment will be made in Jacksonville cemetery.

REAL ESTATE TRANSFERS.

SPECIMEN OFFICIAL BALLOT

Proposed Questions of Public Policy

MORGAN COUNTY, ILLINOIS

ELECTION TUESDAY, NOV. 5, 1912

C. A. Boruff
County Clerk.

PROPOSED QUESTION OF PUBLIC POLICY No. 1.

Shall the next General Assembly (in order that the people may be relieved of a system of taxation which places a comparatively heavier burden upon the poor man than upon his wealthy neighbor, which is unjust to all who fall under the full force of its operation and which places a premium upon dishonesty), submit to the voters of the State of Illinois at the next following state election an amendment to the State Constitution providing for the classification of property for purposes of taxation with taxes uniform as to each class within the jurisdiction levying the same?

YES

NO

PROPOSED QUESTION OF PUBLIC POLICY No. 2.

Shall the next General Assembly revise the primary election Act to abolish the scandals and disorder now incident to the filing of petitions, to increase the secrecy of the ballot and the political freedom of the voter, to simplify the system and reduce the expense of elections and to encourage a greater popular participation in primary elections to the end that nominations may represent more truly the judgment of majorities?

YES

NO

PROPOSED QUESTION OF PUBLIC POLICY No. 3.

Shall the next General Assembly create a legislative commission to investigate the most practicable means of shortening our cumbersome election ballot, and report to the Forty-ninth General Assembly its recommendations?

YES

NO

NOTES FROM THE LABOR WORLD.

The union of chorus girls in London now numbers nearly 50 members.

Organizers for the Western Federation of Miners are at work in northern Minnesota.

Five new locals of Boot and Shoe Workers' union were chartered by the international during August.

The American Federation of Labor expects a record breaking attendance at its annual convention in Rochester next month.

The General Confederation of Labor of France voted recently to stay outside the Socialist party. The vote was 1,000 to 35.

The Texas State Council of Carpenters is working on a plan to build a home for the indigent and disabled carpenters of the state.

On November 4, at St. Louis, the International Brotherhood of Maintenance of Way Employees will hold its annual convention.

In Fargo, N. D., in the last few weeks there have been organized the sheetmetal workers, butcher workmen and the journeymen horseshoers.

More new members were enrolled. Workers on Horse Goods during August than in any month in two years.

Plumbers' and Steamfitters' international union has increased its membership by six thousand in a year. The total membership is now 30,000.

The Santa Fe railroad says that as a result of its "safety habit" campaign among its employees the number of accidents has decreased 20 per cent within the last ten months.

British sailors are agitating for an increase of pay. They are said to have had but one "raise" in more than fifty years, and they think their turn has come for better pay and greater privileges.

Receipts of the Glass Bottle Blowers' international union during the last fiscal year amounted to \$230,709.25 and the expenditures, \$258,525.83. The assets of the international June 30, were \$222,609.45.

Palermo, Italy, produces large quantities of outfits for brides, principally in muslin. The girls who do the work get from twelve to twenty-five cents and the skilled workers from thirty to about sixty cents a day.

In a bulletin recently issued by the New Jersey state bureau of statistics it is shown that the increase in the cost of living in the state since 1898 has been 31.36 per cent, while in the same period wages have advanced only 25.4 per cent.

The state of Illinois recently opened to the public its new school for the study and prevention of occupational diseases and industrial accidents. The "school" is part of the new headquarters of the state factory inspector. It comes into existence by virtue of the occupational diseases law and the health, safety and comfort act, which requires the state factory inspector to compel the installation of health and safety devices.

MORE SUITS FILED.
The following suits were filed Friday in the office of J. A. Rawlings, circuit clerk for hearing at the November term of court. Friday was the final day of service for the term of court.

David Estaque vs. F. A. Delano et al, receivers of the Wabash railroad. Mr. Estaque is suing for \$500 damages. A Wabash engine struck his automobile at the North Church street crossing.

Lydia V. DeCastro vs. Mary E. Shaw et al, foreclosure.

W. C. Delaney vs. James E. Preston, foreclosure.

LICENSED TO MARRY.
Hugh Watson Sargent, Meredosia.

Gertrude Irene Leslie, Jacksonville.

Like a Home in Florida

FAVORITE BASE BURNERS
FOR WINTER COMFORT

It's all in the flues

"Finest Heating Stove in the World"

Have You Seen This Poster?

It Tells the Story of a Wonderful Heating Stove

We wanted you to get acquainted with the Favorite Base Burner—that's why we had the city covered with these beautiful colored posters that you see everywhere.

We knew that if you once became familiar with the superior points of the Favorite as compared with other base burners—learned that it actually has no equal in beauty, durability, and fuel-economy—you would buy no other heating stove.

The Favorite will keep every part of your house warm all winter, and do it with from 2 to 3 tons of coal. Every square inch of this unequalled stove radiates volumes of heat which constantly circulates throughout the home, maintaining an even temperature, night and day.

The Favorite is built in a plant erected especially for the production of fine stoves. Only expert workmen are allowed to take part in its construction. Sixty years of stove experience are concentrated in it.

The many exclusive features that make the Favorite

supreme among heating stoves are all patented, and can be found on no other stove. You will find the principle reason why it is the best in the celebrated Separated Flue construction—and this feature is patented. Why not save two or three tons of coal this winter with a Favorite? You will

get more warmth and satisfaction, too.

Here is Our Offer

Put the Favorite in your home. Try it for thirty days, two months, all winter, if you want to. Then, if you do not find that everything we have said of it is true, we will take back the stove, and refund your money. Can you think of a fairer proposition than that?

We could not afford to make this offer if we did not KNOW that the Favorite would back us up and do just what we claim for it. But we are positive that after you once tried the Favorite you would not part with it for twice what it cost you, if you could not get another just like it.

If money counts—if comfort counts—if the health and happiness of your family count—you cannot afford to buy or use any heating stove but the Favorite.

HYOMEI EXTERMINATES CATARRH.

Germ Destroying Vaporized Air That Clears Stuffed-up Head in a Few Minutes—Breathe It.

Isn't it worth a little effort to forever rid yourself of Catarrh when Coover & Sarave are authorized to guarantee Booth's HYOMEI to end the misery of Catarrh, or money back?

To banish Catarrh you must destroy Catarrh germs. HYOMEI, the wonderful remedy made from Aus-Canada, to work was employed on a

Italian Eucalyptus and other antiseptics, will destroy these germs; will end Catarrh; will overcome Catarrhal Deafness.

Complete outfit with inhaler, \$1; extra bottles, 50c. In each package is a little book that tells how this simple remedy benefits sufferers from Catarrh, Coughs, Colds, Croup and Catarrhal Deafness.

PREFERRED MORGAN COUNTY.

A man who had gone to Alberta,

farm and not long since was plowing when a snow storm came and covered the ground to a depth of eighteen inches. That was too much for a man reared in Illinois and he hurried back, saying he preferred to live in God's country to such a land as that. He failed to leave his name but told his tale in a store and left for the vicinity in which he was acquainted in this county.

Miss Wilson of Concord was shopping in the city yesterday.

BUSINESS OF SEALSKIN.

Isolated by Human Hair Where
Dandruff Is Eradicated.

Seal skin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy. Seal skin is healthy; and the radical cause of all dandruff is dandruff, which is caused by a parasitic growth of the scalp. Seal skin is the only preparation that is safe to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is guaranteed. Seal skin won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful locks to Seal skin. Seal skin is sold by leading druggists. Send 10c in stamps for Seal skin to The Herpelde Co., Des Moines, Iowa.

PREVENTION OF CHOLERA.

By Hyper-immune Serum—Methods
of Using—Serum a Preventive, Not
a Cure.

(From the address of Dr. A. T. Peters at State Farmers' Institute, Paris, Ill.)

The success of the treatment of hogs with hyper-immune sera depends not only upon the careful and scientific method of preparation, but also upon its intelligent administration.

The Illinois live stock commission assumes no responsibility for the results of the use of the sera which it distributes. It is recommended that wherever possible competent and qualified veterinarians should be engaged to administer the serum.

The serum is a preventive, not a cure for hog cholera, and should not be given to hogs already sick with cholera, nor can it be expected to prevent hogs from becoming sick from other conditions; a correct diagnosis is therefore advised to protect the serum and prevent its useless administration in herds sick from some other cause.

Methods of Using.
The serum alone method is recommended to be used in an already infected herd upon apparently healthy hogs ONLY. Inject deeply into the muscles of the inside ham the proper dose of serum only. This method gives temporary immunity, lasting from two to eight weeks if the hog is not exposed to infectious material in the meantime. Should the immunized hog be immediately exposed to infection after treatment, the result would be a more permanent immunity conferred.

While it may be desirable to allow the treated hogs to mix with the diseased because of a possibility of a longer immunity being conferred, it must not be forgotten that so long as the sick hogs are not destroyed and the infected pens are not disinfected, there remains a center existing for continuous opportunity for the infection to be carried to other parts of the neighborhood.

All immunized hogs should either be kept separate from the untreated or be marked in some way so that the results of the serum may be accurately known. Before treatment it is imperative that the well hogs be kept away from the sick ones and disinfection be carried on. The dead hogs should at all times be immediately buried.

The Simultaneous Method.
This method gives a more lasting immunity, but is attended with some danger unless the treatment is administered by a person who thoroughly understands the precautions necessary. In using this method from one-half to one C. C. virulent hog cholera blood is injected into the muscles of the inside ham on one side, while at the same time the proper dose of hyper-immune serum is injected into the opposite ham in the same manner as described for the serum alone method. This method is recommended for non-infected herds, or it may be used upon recently infected herds, upon hogs that do not show a temperature higher than 103 degrees F. It is the method to use when the owner wishes to immunize his herd when infection has not yet taken place, provided the entire herd is treated. The serum when used alone without the employment of blood from a sick hog is entirely harmless and incapable of giving rise to an attack of cholera.—Illinois Farmers' Institute.

CARNegie AWARDS

ARE MADE KNOWN.

Pittsburg, Nov. 1.—The Carnegie Hero Fund commission to night announced a further list of awards for heroic acts. The last list was made public on April 26. The list, with medals awarded, etc., is as follows:

Biddle Hiles, bronze medal, Hiles, aged fifty-six, bank cashier, saved an unidentified man from an enraged bull, Salem, N. J., June 11, 1910.

John W. Freeman, bronze medal and \$1,000 toward liquidating his indebtedness, Freeman, salesman, rescued Johnnie Porter, aged thirteen, from a runaway, Fort Smith, Ark., December 25, 1908.

Thomas W. Erwin, bronze medal and \$1,000 toward liquidating his indebtedness, Erwin, railroad yard foreman, saved Jetta W. Candill from being run over by a train, Clydeside, Ky., September 5, 1910.

Roy T. Hughes, bronze medal and \$1,000 toward liquidating his indebtedness, Hughes, farmer, saved Elma J. Stafford, May Turner and eight children, aged 2 to 15, from drowning, Letot, Tex., May 24, 1908.

I. Newton Law, bronze medal and \$1,000 toward purchase of farm, Law ranchman, helped to save Luther F. Anna and Nettie L. McClanahan and Doris A. Stafford, aged ten, thirteen, fifteen and eight, respectively, from drowning, Letot, Texas, May 24, 1908.

Nathan Record, bronze medal and \$1,000 toward purchase of farm, Record, a negro farmer, helped to save Luther F. Anna and Nettie L. McClanahan, and Doris A. Stafford from drowning, Letot, Texas, May 24, 1908.

James A. Bales, bronze medal and \$1,000 toward purchase of farm, Bales, a farmer, saved W. Bruce Fowler from suffocation, McKinney, Texas, November 14, 1910.

Eliah A. Walker, bronze medal and \$1,000 toward purchase of farm, Walker, a laborer, attempted to save John R. Northcutt from suffocation, Palopinto, Texas, August 19, 1909.

George A. Blitch, bronze medal and \$1,000 toward purchase of farm, Blitch, a laborer, saved John R. Northcutt from suffocation, Palopinto, Texas, August 19, 1909.

George H. Paul, bronze medal and \$1,000 toward purchase of farm, Paul, aged fifty-two, a farm hand, attempted to save William Hamilton from being run over by a train, California, Ky., October 2, 1911.

E. Thompson Benbow, bronze medal and \$1,000 toward purchase of farm, Benbow, a farmer, helped to save Pearl Drummond, aged fifteen, from drowning, Bryan, Texas, August 18, 1911.

I. Archie Robinson, bronze medal and \$1,000 as needed, Robinson, a farmer, helped to save Pearl Drummond from drowning, Bryan, Texas, August 18, 1911.

Marion P. Greiner, bronze medal and \$1,000 as needed, Miss Greiner, aged seventeen, a factory hand, saved Lora Madon, aged ten, from drowning, Plattsburg, N. Y., May 1, 1911.

Charles A. W. Hansen, bronze medal and \$1,000 as needed, Hansen, a deckhand, helped to save Joe A. Jones, aged thirty-seven, bank cashier, and thirty-seven others from drowning, Galveston, Texas, July 21, 1909.

Klaus L. Larsen, bronze medal and \$1,000 as needed, Larsen, a deckhand, helped to save Joe A. Jones and thirty-seven others from drowning, Galveston, Texas, July 21, 1909.

S. A. Anderson, bronze medal and \$1,000 as needed, Anderson, a farmhand, saved Robert B. Walker from suffocation, Collinsville, Texas, July 4, 1911.

William H. McDaniel, bronze medal and \$1,000 as needed, McDaniel, a farmer, saved Alonzo L. Smith, a well digger, from suffocation, Kossie, Texas, September 22, 1909.

Henry J. Schanewerk, bronze medal and \$1,000 as needed, Schanewerk, a switchman, saved an indeterminate person or persons from a runaway locomotive, Fort Worth, Texas, June 9, 1909.

Thomas J. Gibbons, bronze medal and \$1,000 as needed, Gibbons, a pit motorman, assisted in an attempt to save Robert M. Meek, miner, and Edwin A. Sutton, assistant superintendent, from suffocation, Cokedale, Colo., February 10, 1911.

Arves N. Florence, bronze medal and \$1,000 as needed, Florence, a painter, assisted in an attempt to save W. Hampton Arrasmith from an electric shock, Cincinnati, Ohio, August 7, 1911.

Benjamin F. Langsdale, bronze medal and \$1,000 as needed, Langsdale, a painter, assisted in an attempt to save W. Hampton Arrasmith from an electric shock, Cincinnati, Ohio, August 7, 1911.

Challen A. West, bronze medal and \$1,000 as needed, West, an express agent, assisted in an attempt to save W. Hampton Arrasmith from an electric shock, Cincinnati, Ohio, August 7, 1911.

Edward W. Hargett, Sr., bronze medal and \$1,000 as needed, Hargett, a restaurant proprietor, attempted to rescue Nora N. Higdon and Anna E. Wendell from a runaway, Globe, Ariz., March 6, 1908.

Robert M. Logan, Jr., bronze medal and \$2,000 as needed for educational purposes, Logan, a schoolboy, aged twelve, saved William H. Schell, aged twelve, from drowning, Port Worth, Texas, July 25, 1911.

Logan, who could not swim, ran two hundred feet, mounted a pony and swam into the stream toward Schell. When he came up near Logan, unconscious, Logan gasped his hair and guided the pony to the bank, drawing Schell with him. Schell was revived.

W. Sterrett Parkinson, bronze medal and \$2,000 as needed for educational purposes, Parkinson, aged seventeen, student, saved Charles L. Graham, aged eight, and attempted to save John D. Graham, shoemaker, from drowning, Carlisle, Pa., July 15, 1911.

John G. Wolfe, deceased, bronze medal to mother and pension of \$25 a month, Wolfe was drowned while attempting to save A. Reginald Eltringham from drowning, West Fairview, Pa., July 4, 1907.

C. Bert Raymond, deceased, bronze medal to mother and \$30 a month for five years, Raymond, aged sixteen, an office boy, died saving Hershel E. Sherry, aged twelve, from drowning, Indianapolis, Ind., June 10, 1911.

Walter A. Smith, deceased, bronze medal to widow and pension of \$50 a month, with \$5 a month additional for her daughter until she reaches the age of sixteen, Smith died attempting to save Frederick H. Voorhis, aged four, from drowning, Middletown, Ohio, July 11, 1912.

Louis G. Burkhalter, deceased, bronze medal to widow and pension of \$55 a month, with \$5 a month additional for each of two children until each reaches the age of sixteen, Burkhalter, a machinist, died in an attempt to save Ruth E. Mastellar and Veda G. Hemstock from drowning, Bradley, Ill., July 28, 1912.

T. William Hutchins, deceased, bronze medal to widow and pension of \$40 a month, with \$5 a month additional for each of two children until each reaches the age of sixteen, Hutchins, a clerk, died as the result of attempting to save Lella de Liors from drowning, Ship Island, Miss., July 17, 1910.

Michael O'Loughlin, deceased, bronze medal to widow and \$20 a month for five years, or \$1,200 otherwise as needed, O'Loughlin, aged sixty-eight, a laborer, attempted to save Patrick McMahon from suffocation, Stoneham, Mass., October 11, 1909.

James Higgins, bronze medal, Higgins, aged sixty-three, a laborer, saved Patrick McMahon from suffocation, Stoneham, Mass., October 11, 1909.

Francis E. Park, bronze medal, Park, physician and surgeon, saved Michael O'Loughlin from suffocation, Stoneham, Mass., October 11, 1909.

J. Louis Little, silver medal and \$1,500 as needed, Little, fisherman, helped to save four men and assisted in an attempt to save two others, from drowning, Bonavista, N. F., September 19, 1907.

Wm. N. Hargrove, solicitor for complainant.

Miss Maggie Tholen has returned from a two months trip to the Pacific coast including points in Washington and Oregon. She feels much benefited by the trip.

JUDGE L. Y. SHERMAN.

At the primary election held a few months ago Judge L. Y. Sherman received the endorsement of the Republican voters for the United States senatorship from Illinois. If a Republican legislature is elected it is reasonably certain that Judge Sherman will be named senator as practically all Republican candidates have pledged themselves to support him if they are elected. Judge Sherman, whose home is in Macomb has been in public life for a number of years and his record is one which has reflected credit upon him and upon his party. He is a staunch Republican, who believes that needed reforms can be accomplished within the ranks of the party. His character is above reproach. He is an able lawyer, a man of such experience with public business and public policy that he can justly be ranked as a statesman. Judge Sherman in the senate would be a credit to Illinois.

Jacksonville Creamery
Company

Is now furnishing over one thousand families milk in the city. THERE IS A REASON for this the people are beginning to realize what good clean pure milk is.

We are now better able to furnish you your milk and in better shape than has ever been done in this city before. We deliver now in the afternoon. This milk is bottled also skim milk and butter milk in the bulk.

JUDGES' INITIALS MUST BE ON ALL BALLOTS

Voters at the general election are cautioned to be sure that the ballot which they vote contains on the reverse side the initials of the election judge who hands them out. According to decisions of higher courts any ballot that is voted which does not have the correct initials of the judge thereon is illegal and would be thrown out if the election was contested.

THE high money rates of the last few days resulted in a heavy inflow of money from interior banks, reducing local bank losses to a nominal figure. Some anxiety is felt regarding the loan account. Payments during the week for our securities sold abroad in the course of the recent demoralization there is expected to show in a material expansion of loans.

Today's loan exchange was the smallest of several weeks. Opening prices showed general advances, with a smart gain in Canadian Pacific. This was followed by general declines which obliterated all earlier gains and a long period of stagnation. Towards the close when it became evident that there would be no repetition of yesterday's money squeeze the market once more grew moderately active, closing with a firm undertone.

GENERAL MARKET NEWS

WHEAT SAGS TO LOWEST POINT

Prospects of Speedy End to Turkish War Takes Snap Out of Market.

(By Associated Press.)

Chicago, Nov. 1.—Wheat today sagged to nearly the lowest point this season. Prospects of a speedy end to the Turkish war had a good deal to do with taking the snap out of the market. Closing prices were weak, 1½¢ to 1¼¢ under last week's. Corn finished ½¢ to 1¼¢ down; oats at a decline of ½¢ to ¾¢ and provisions less expensive by 5 to 22½¢.

Heaviness ruled the wheat market from the outset. Rallies were few and in no case important. Besides, the outlook that hostilities would cease in the Balkans, bulls had to contend with denials from Argentina that rains had caused any material damage. In addition there was considerable unloading on the part of holders who did not care to assume risks during the long stoppage of business until Monday.

December ranged from 89½¢ to 90½¢ with last sales 1½¢ to 1¼¢ net lower at 89½¢ to 90¢.

Corn went to new low prices for the present crop. Constantly increasing receipts gave the market a heavy tone. Moreover Argentine shipments this week broke all records, 7,771

SKIN ERUPTION CAME ON CHEEK

Started in Pimples. Nearly All One
Cheek Solid Sore. Very Fretful.
Used Cuticura Soap and Oint-
ment. Face All Healed Up.

Kingsley, Mich.—"Last May my thirteen months' old baby had a sore come on her cheek. It started in four or five small pimples and in two or three hours' time spread to the size of a silver dollar. It spread to her eye. Then water would run from the pimples and wherever that touched it caused more sores until nearly all one cheek and up her nostrils were one solid sore. She was very fretful. She certainly was a terrible looking child and nothing seemed to be of any use. Then I got some Cuticura Soap and Cuticura Ointment. She tried to rub off everything we put on so that we would sit and hold her hands for two hours at a time, trying to give the medicine a chance to help her, but after I washed it with Cuticura Soap and then put on the Cuticura Ointment, they seemed to soothe her and she did not try to rub them off. It was only a few days before her face was all healed up, and there has been no return of the trouble since. We thought that baby's face would surely be scarred, but it is not." (Signed) Mrs. W. J. Cleland, Jan. 5, 1912.

Cuticura Soap and Cuticura Ointment are sold throughout the world. Liberal samples of each mailed free, with 25¢ Skin Book. Address post-card "Cuticura, Dept. T, Boston." Tender-faced men should use Cuticura Soap Shaving Stick, 25¢. Sample free.

Ease That Lame Back Right Now!

You can do it with MUSTEROLE, a clean, white ointment made with the purest oil of mustard. POSITIVELY DOES NOT BLISTER. It leaves a delicious, comforting effect. Simply rub MUSTEROLE on bruise, and the pain is gone! Thousands know MUSTEROLE is THE REMEDY for Bronchitis, Croup, Asthma, Pleurisy, Rheumatism, Lumbago, Neuralgia, Sprains, Bruises, Stiff Neck, Headache and Colds of the Chest (it prevents pneumonia). For sale by leading druggists everywhere. Many of these display the MUSTEROLE sign (shown below) in their windows. MUSTEROLE comes in jars of two sizes, 25¢ and 50¢. Accept no substitute. If your druggist cannot supply you, send 25¢ and we will mail you a jar postage prepaid.

"My entire left side was in awful pain. I consulted a physician and he advised me to get a jar of Musterole. I could not lay down or stand up. I was all drawn up on my left side. After three applications of Musterole I was completely relieved."

D. MAC BRIDE, Bronx, N. Y.

Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is usually a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers. BRADFIELD REGULATOR CO., Atlanta, Ga.

TALKED OVER PLANS FOR COMING YEAR

Morgan County Farmers' Institute
Directors Met Friday—New Of-
ficers Chosen.

The directors of the farmers' institute met at Ayers National bank Friday evening and discussed the work of the past year and talked over plans for the coming twelve months.

It was the unanimous opinion that the institute at Waverly was the best one in the history of the enterprise and its success gave great encouragement for the future. There were present Edward Scott of Franklin, Wilson Smith and Sherman Luttrell of Waverly, Harold Joy of Chapin, Isaac Watson of Woodson precinct, J. E. Thompson of Murrayville, Edward Hembrough of Jacksonville, Chas. Drake of Concord vicinity.

Officers were elected for the county for the ensuing year:

Edward Scott, Franklin, president.

Charles Drake, Chapin, vice-president.

Harold P. Joy, Chapin, secretary.

E. R. Hembrough, Jacksonville, treasurer.

Each precinct president will be a vice president of the county organization.

C. H. Story, Nortonville, superintendent.

Each precinct committeeman or vice president is urged to call together the people of his precinct and organize them by choosing president, secretary and other officers as deemed best. He is also urged to form school district organizations by enlisting the pupils of the school, the teachers, parents and all who may be interested in the work.

Ralph Reynolds of the poultry association was invited to make efforts to have the meetings of the two bodies held at the same time.

Mr. Fritcher of the Business Men's association was present and was urged to endeavor to have at the chautauqua next year a speaker of national reputation on agricultural affairs.

Homer Ransom is trying to secure for Jacksonville the meeting of the state institute next year and has met with considerable encouragement that he will succeed.

It was decided to have the prize list for the next institute published in January so that people might have ample time to get ready for their entries.

It was decided to request that the precinct and school district meetings be held for organization at an early date.

Mrs. Peter Holan, 11501 Buckeye Road, S. E., Cleveland, O., had a little son with a bad case of whooping cough. She says: "He coughed until he was blue in the face. I gave him Foley's Honey and Tar Compound, and the first few doses had a remarkable and almost immediate effect. A few more doses cured him. Yes, indeed I can recommend Foley's Honey and Tar Compound." In the yellow package. City Drug Store, J. A. Obermeyer.

ENJOYED COON SUPPER.

A number of local business men enjoyed a coon supper in the room over Hopper's shoe store Wednesday evening. An excellent menu consisting of coon, chicken, sage dressing, scalloped oysters, sweet potatoes, pickles, bread, butter, Parker House rolls and coffee, was served by Taylor Moore, and after the supper a social hour was enjoyed.

"TELLS THE WHOLE STORY."

To say that Foley's Honey and Tar Compound is best for children and grown persons and contains no opiates tells only part of the tale. The whole story is that it is the best medicine for coughs, colds, croup, bronchitis and other affections of the throat, chest and lungs. Stops the grippe coughs and has a healing and soothing effect. Remember the name: Foley's Honey and Tar Compound. Accept no substitutes. City Drug Store, J. A. Obermeyer.

"THE ORIGINAL IDIOT."

Sunday night at Grace church Rev. J. W. Miller will speak on the subject, "The Original Idiot." Some elements of patriotic citizenship will be emphasized. Some things to help the young voter will be discussed. Some plain duties for the voter will be "standpatter" or "progressive." The chorus choir will have some special numbers. All are welcome.

SALOON HAS BEEN CLOSED.

Chicago, Nov. 1.—City Collector Cohen today notified the police that the saloon operated in connection with Jack Johnson's "Cafe de Champion," should be closed as no license had been issued for the establishment to take the place of the one which expired last night.

Republican Candidate for Coroner. Clerk. He stands on his record.

FORMER GOV. RICHARD YATES

Will Make Address Here at Armory Hall Monday Night, November 11th.

Ex-Governor Richard Yates will come to this city Monday and that night will make an address in behalf of the Republican party at a mass meeting at Armory hall. Judge Yates has been taking an active part in the campaign, especially for the national ticket, and he has visited a number of states. The people of Morgan county are familiar with his ability as an orator and have such confidence in his fairness in handling political matters that a very large audience will no doubt hear him.

MOTHERS' MEETING AT KINDERGARTEN

Interesting Program Conducted by
Teachers of School—Dr. A. M.
King Heard in Address.

A mothers' meeting was held at the Kindergarten school on North Main street, Friday afternoon, which was largely attended by the mothers of the children and other friends. It was a very desirous of the board members that those interested in the school, should meet together and see for themselves the great work that is being accomplished. The school has for its teachers, Misses Jeanette Russell, Claribel Hopper, and Ruth Kingsley, and they have fifty children under their care.

Miss Nathalia Jensen favored the visitors with two violin numbers and Mrs. Ruth Springer Woods sang a vocal selection. The address of the afternoon was by Dr. A. M. King and the program closed by the service.

Dr. King spoke on the subject of "The Preservation of the Health in the Kindergarten Children." Only a few thoughts are given of his most instructive address:

"In kindergarten work five things should be considered, the health of the child, the qualifications of the teacher, the disposition and capacity of the mother, the environment of the home and the equipment of the kindergarten. The kindergarten teaches the child to observe in a logical and profitable way. It inculcates habits of discipline and obedience, observation and thought; it imparts a training that cannot be received at home. You often hear the statement made that the mother is the best trainer of the child, but the mother is not a professional, and I should much prefer to put the child in the hands of a professional than of an amateur. The kindergarten as a rule affords opportunity of a social contact with children of like age, teaches self-control, gives them new ideas, the child learns to respect the rights of others, to think of himself in relation to others and to develop a sort of community spirit." Dr. King spoke especially of the knowledge that mothers should have of their children and also touched upon the various things which go to make up the best possible surroundings for the health of the child.

In speaking of the teachers the speaker said: "The teacher plays one of the most important roles in the primary or kindergarten work. She should be the professional, the one to detect neglect and mismanagement of her pupil; the one who guides the child through its first and most important years of mental and physical growth. The teacher should foster the child's happiness, should teach it the lessons of patience, truthfulness, contentment, self denial and charity."

The teacher should do her best to find the cause of backwardness of any of her pupils. It might be due to bad teeth, adenoids, bad ears or eyes, some skin disease, tuberculosis, or nervousness. She should take special pains to inquire of every pupil who seems to be ailing, their cause of complaint, inquire if a child has a cold, whether the throat is sore and if suspicious, send the child to a doctor for health certificate. It may mean the nipping in the bud of a contagious disease.

CHILD FOUND FROZEN.

Baudette, Minn., Nov. 1.—While with her young brother last evening on their way to a cedar camp, Ekke, the 8 year old daughter of Henry Conate, residing 12 miles south of Graceston, was frozen to death. The children evidently became lost and the little girl succumbed to the exposure during the night. Their mother went in search of the children and found the little girl today.

"PACKEY'S" BOUT WITH O'BRIEN WILL BE HIS LAST FIGHT

Announces He Will Retire From
the Ring for Good—Has Cleaned
up \$200,000 in Last Five Years.

Chicago, Nov. 1.—"Packey" McFarland announced today he would retire from the ring after his forthcoming contest with Young Jack O'Brien in Philadelphia next month. He said he was tired of the continual rigor of training table and that the lure of the dollar had lost some of its draw with the passing years.

"There are only three fights I would like to get before I quit," McFarland said. "I'd like to take on Ad Wolgast who calls himself the 'Mighty' Wolgast, I would like to meet Jack Britton a north side boy who is a comer and I would like to get into a ring with Battling Nelson, just to give him a whipping."

"I have made about \$200,000 in the last five years," added McFarland, "and that is why I am ready to quit. My best winning was with Matt Wells, the Englishman. I drew down \$10,000 for that fight. Then, too, with Jimmy Britt in San Francisco I drew \$5,000. I have a number of smaller fights right along, and clean up nearly \$50,000 a year."

"I never bet on myself, but have made a little betting on others. It never has been a paying proposition to bet though and I cut it out."

GEN. LEA DIES AT OCEAN PARK

Los Angeles, Cal., Nov. 1.—Gen. Homer Lea, the American citizen, who acted as adviser to the leaders of the late Chinese rebellion, died at his residence, at Ocean Park this afternoon.

General Lea had been suffering from paralysis for months. He returned to his home from China as soon as it was seen the Manchurian dynasty had been overthrown, and at that time it was reported he had suffered a third stroke of paralysis and could not live. However, his strength gradually returned and several weeks ago his physicians were hopeful that the general's ailment had been conquered.

General Lea was 35 years old and had devoted practically his whole life to a study of China and its troubles.

He is survived by a widow.

MR. CLARY'S REMAINS ARRIVE.

The remains of John Clary arrived in the city Friday evening at 8:23 o'clock via the Wabash from Kahoka, Mo., and were taken to the residence, 1157 West Lafayette avenue. Arrangements for the funeral will be announced later.

GEORGE V. SKINNER.

Republican Candidate for Coroner. During the two years just closing he has shown himself a careful and efficient officer.

MANY GOING HOME TO VOTE.

Washington, Oct. 31.—Outgoing train today carried the advance guard of officials and government clerks who are returning to their respective homes to vote next Tuesday. The exodus this year promises to be larger than for many years past. The department employees have been impressed with the possibility that a few votes might change the result in congressional contests if not on the national ticket, and each is going home with the intention of throwing his influence on the right side of the scale as it appears to him. Many of the department clerks are going as far as Iowa, Nebraska and Minnesota to cast their votes.

Stephen Dinwiddie of Alexander was transacting business in the city Friday.

PIMPLY! WELL, DON'T BE!

People Notice It—Drive Them Off With Olive Tablets.

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The pimples will vanish after you have taken the tablets a few nights. Nothing ever cleansed the blood, the bowels and the liver like Olive Tablets.

Olive Tablets are the only successful substitute for calomel—they oil the bowels; there's never any sickness or pain after taking them.

Olive Tablets do all that calomel does and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull listless

"no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are made of pure vegetable compounds mixed with olive oil.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Try them. Take one nightly for a week. Then look at yourself in the glass and see how you feel. 10c and 25c per box.

The Olive Tablet company, Columbus, O.

They Make You Feel Good.

The pleasant purgative effect produced by Chamberlain's Tablets and the healthy condition of body and mind which they create make one feel joyful. For sale by all dealers.

MORTUARY

Funeral services for Mrs. Mary Day were held Friday afternoon at 2:30 o'clock at the residence of Rev. Walter E. Spooner, pastor of Northminster church. Music was furnished by Walter Vieira and the many beautiful flowers were cared for by Miss Anna Day.

Interment was made in Jacksonville cemetery and the bearers were Clarence Day, Elmer Day, Louis Day, George Day, Benjamin Correa and Allen Vieira.

John Reese, a son of David and Elizabeth Reese, was born in North Wales, Great Britain, July 23, 1828. At the age of 21 years he came to America and first settled in Iowa, residing there for five years. When 26, Mr. Reese came to Morgan county and has since resided here. Until recent years he followed the occupation of farming at which he was quite successful. Mr. Reese was married to Miss Sara Batty at Lynville in 1850 and they were the parents of five children, all of whom survive: George E. of Lynville, Mrs. Charles Summers of Winchester, Mrs. James Smith of Allerton and Mrs. Samuel Butler and Benjamin F. Reese of this city. Mr. Reese also survived by one brother, Thomas Reese of this city. Mr. Reese was preceded in death by his wife, who passed away April 18, 1872; also by three sisters, Mrs. Mary Winn, Mrs. Ann Morris and Mrs. Betsy Evans. During his long residence in this county Mr. Reese made a large circle of friends, who will learn of his death with sorrow.

Funeral services will be held from the late residence Sunday morning at 11 o'clock, in charge of the pastor of the Christian church at Lynville. Interment will be made in the Lynville cemetery.

The funeral services of Mrs. Martha Moss were conducted Friday afternoon at 2 o'clock from the M. E. church in Concord, in charge of Rev. H. W. Housman, pastor of the church, in the presence of a large assemblage of friends. There were many beautiful flowers and these were kindly cared for by Mrs. Richard Smith and Mrs. McMurray. Music was furnished by the church choir and Mrs. Charles Hopper sang "The Ninety and Nine," a favorite song of the deceased.

Interment was made in Concord cemetery and the bearers were James Cooper, Jacob Hoover, Henry Deitrick, Louis Martin, Edward Willard and Monroe Leonard.

Mrs. L. C. Matthews received a telegram Friday night announcing the death of Mrs. John McDowell who passed away at the home of her daughter, Mrs. John Redman in Chicago Friday night. Mr. McDowell, who died a number of years ago was for some years connected with the gas company here and twenty-five years ago the family moved to Chicago. The deceased is survived by three children, Mrs. John Redman, John McDowell and Mrs. Margaret Currier, all of Chicago.

The remains will be brought to this city for burial.

Patrick Shanahan is in receipt of a letter announcing the death of his mother, Mrs. James Shanahan, at her home in Ireland. She was buried Oct. 3. She had been in delicate health for a long time and death was not altogether unexpected. Her husband died Feb. 10, 1912. She was 74 years of age and besides the son here, she leaves three daughters and one son residing in Ireland.

Cold, isn't it? Good time to get that suit you need at Knoles.

SISTER IS DYING.
Paul Morrison received a telegram Friday night stating that his sister Margaret, aged 10 years, was dying at the home of her parents, Rev. and Mrs. C. R. Morrison, Oakland, Ill. The girl has been ill for several weeks with peritonitis. She underwent an operation last Saturday, but it did not seem to bring the desired results. Mr. Morrison left this morning over the Wabash for Oakland.

Dressed chickens at Leck's.

SOCIAL EVENTS.

Miss Alma Armstrong entertained a company of friends at a Halloween party at her home on South Prairie street, Thursday evening. The evening was very pleasantly spent with games and music and delicious refreshments were served.

Mr. and Mrs. J. W. Huggett entertained a company of about twenty-five friends at their home on East Lafayette avenue at a Halloween eve celebration recently. The parlor was prettily decorated in a color scheme of yellow and green jack-o'-lanterns and in one corner was a tape made of corn stalks and sweet peas. Yellow, white and green were used in the dining room and jack-o'-lanterns and fern leaves were also used. Prizes for costumes were awarded to Mrs. A. Pratt, F. Spield and Mrs. Otto Willmer. The evening was very pleasantly spent in playing Halloween games and with music and during the hours light refreshments were served.

The first fall meeting of the Guten Zeit club was held Friday night with Dr. and Mrs. B. S. Galley. The club is planning a very active social season.

The girls at the Bell telephone office gave the Misses Edith and Louise Beamer a surprise party at their residence on Hardin avenue who have resigned their positions at the office. All of the self-invited guests came masked and no little amusement was afforded in identifying them. A very pleasant social evening was spent and during the hours refreshments in keeping with the Halloween season were served.

Misses Wilhelmina De Silva and Irene Simms entertained a number of their friends at the home of Mrs. C. Hines on Rountt street at a Halloween party last night. The house was beautifully decorated in keeping with the event and the guests were masked to suit the occasion. Light refreshments were served and the evening was delightfully spent.

Ghost, goblins and spooks are claimed by all present authorities to be a hallucination of the present generation's distorted brain. All those present, at least at the home of John Hodges, three and one-half miles northwest of the city Friday night, cannot be reconciled to this fact. There was a vast array of human and "inhuman faces." The "Jinks of Punch and Judy" were enlarged to such an extent that not only bell ornaments could be seen from beneath, but that the music could be accompanied by a "teeter-totter" balanced by two good sized giants. Ladies of today may speak of the wonder and beauty of Persian fashions, but from the time of Eve to the days of the modern Priscilla never was fashion represented in such brilliancy and luster as on this memorable occasion.

After a variety of means to discover the concealed faces, apparitions again resumed the form of mortals. The center of one room encircled a collection of boys, while from another peered the serene and compassionate faces of fond parents.

In due time refreshments were served. This beautiful feast was prepared by the ladies of Salem church and as the occasion was an epoch in the history of this famous church, of course culinary efforts reached their culmination. Prizes were given to those who arrayed themselves in the most fantastical garb and made use of their vocal cords to entertain the guests of this occasion. William Thompson received first prize, which was a face that looked as if it came direct from the land of ancient Parnassus. Mrs. Homer Harrison was awarded the second prize, which was a beautiful white Collie dog, which at once was accepted as a member of their household which will add to their domestic happiness. The gathering dispersed at midnight and each individual went to his rest with pleasant memories of the occasion.

Miss Effie Sheppard, celebrated her 13th birthday yesterday at the home of her parents Mr. and Mrs. James Sheppard. The children all wore masks and great fun resulted in each one trying to find who the other was. The decorations were in keeping with the Halloween time and one of the features of the entertainment was a trolley ride. The following were the guests present, Della and May Spencer, Mabel and Daisy Patterson, Irene Taylor, Maude Miskell, Mary Bestick, Iradell De Freitas, Ruth Williams, Laura Nunes, Joe Wright, Effie and Ralph Sheppard.

A progressive dinner was enjoyed by a number of young people Friday evening. The guests assembled at the home of Miss Elnora Brown on West State street where the first course was served and then all adjourned to the Peacock Inn, where the rest of the meal was eaten and dancing enjoyed. Later all repaired to the Brown home, after taking in the moving picture shows. Those in the party included Misses Elnora Brown, Margaret Carleton, Mary Harwell, Eleanor Capps, Edith Jordan, Lillian Davis and Martha Haven. Messrs. George Greer, Byron Graff, Arthur Kingsley, John Widenham and Lloyd Brown.

A Halloween party was given Friday night at the home of James Middleton of the Ebenezer neighborhood. The party was given by the members of the Ebenezer church Sunday school class, taught by Miss Ella Blackburn. The house was attractively decorated in autumn leaves, witches, black cats, pumpkins, making a most inviting scene. The dining room was in yellow. Various amusing games were played and prizes were won by Miss Bertha Whitlock and Clarence Kinnett. A splendid oyster soup was served and the topic of conversation at the meal was politics. A straw vote was

taken, Roosevelt receiving 16, Wilson 1 and the others divided as to the running candidates.

A party was held Friday night at the home of Allen Taylor on North Prairie street. The decorations were in keeping with the Halloween idea and the evening was spent in a delightful manner. Light refreshments were served.

POSTOFFICE ROBBED.
Parties Secure Small Sum of Money at Murrayville.

Some time during Thursday night burglars entered the postoffice at Murrayville and secured \$4 in money. They gained entrance by breaking a window in the back part of the building. The office gave evidence of being thoroughly ransacked but no clue was left as to the thieves. It was Halloween and it is thought that the burglars took that night so as to hide their tracks. W. B. Wright is the postmaster at Murrayville.

POSSE KILL TWO CONVICTS.
Rawlins, Wyo., Nov. 1.—Richardson and Backstrom, two of the convicts who escaped from the Wyoming penitentiary here on October 13th, were killed by a posse last night near Powder Springs, on the Colorado-Wyoming line, according to a telephone message received here late this afternoon.

Burke, a third convict, escaped and has not been captured. None of the posse was hurt.

CHARGE THREATS TO KILL.

Jack Coleman Arrested by Capt. Trahey and Officer McGinnis.

Jack Coleman was arrested Friday night by Captain Trahey and Officer McGinnis on a charge of disorderly conduct and he will probably be put under a peace bond this morning.

The arrest was made at the instance of his wife and daughter, Mrs. John Dunn who reside on S. Mauvalsterre street. Another child

of Mr. and Mrs. Coleman lives with Mrs. Dunn and according to the story Coleman made threats against his wife Thursday and she went to her daughter's residence Friday night about 8 o'clock Coleman started to the residence of Mrs. Dunn and when they saw him coming Mrs. Dunn fired a revolver into the air to frighten him away. They then called the police and will swear out a peace bond for him this morning, as it is said he made threats to kill the family.

EXPERTS TESTIFY POISON IN BODY MIGHT HAVE BEEN FROM MEDICINE

Defense in Lindloff Case Admits Mineral Poisoning Was Found in Bodies of Boy and Also of Two Husbands.

Chicago, Nov. 1.—Mrs. Louise Lindloff, the crystal gazer and trance medium, accused of the poisoning of her son, Arthur, took the stand in her own defense today. Before she was called her counsel took the state by surprise by admitting that mineral poisoning was found in the body of the boy and also in those of the two husbands, the two daughters and the brother-in-law of Mrs. Lindloff, whose deaths the prosecution has attempted to link with that of Arthur Lindloff as the victims of a chain of poisonings. Experts for the defense were called to testify that the poison found might have been an ingredient of medicines and that the contrary could not be proven.

The accused woman's testimony was in support of this theory. She testified that all members of her family had been afflicted with a skin disease in the treatment of which the mineral poison she is accused of having administered to her son, is commonly used. She told of having been married to Julius Graunke, her first husband, when she was 17 years old, in Trefoll, Germany, and of joining him later in Milwaukee, where he died and she married William Lindloff.

SUFFERS LOSS OF LEG.

Patrick Wall had the misfortune to lose a leg as the result of being run over by a Wabash freight train. The man was under a car picking up coal in the Wabash yards about 3 o'clock Friday afternoon. Freight No. 73, of which Robert Bacon is the engineer and Ed Lovell the conductor, was doing some switching in the yard and Wall in making an attempt to get out from under the car caught his foot beneath the wheel, crushing the bone of the right leg above the ankle. He was removed to Passavant hospital, where Dr. J. W. Hairgrove, the company's physician, gave the necessary medical attention.

No use being chilly: Knoles will clothe you for a small sum.

USING TRACTION ENGINE.

Several days ago the boiler in the high school building sprung a leak and since that time the school board has had a traction engine pumping steam through the pipes.

MISSING BALLOON DUESSELDORF HAS NOT YET BEEN HEARD FROM

Balloon Containing Two American Aeronauts Was Last Seen Monday Sailing North.

Bremen, Germany, Nov. 1.—The missing balloon Dueseldorf II, with two American aeronauts, John Watts and Arthur T. Atherholt, on board was probably the balloon seen sailing to the north Monday by John Berry and W. Vonhoffman when they landed with the "Million Population" near Danzin. In the course of an interview here today the two aeronauts said:

"An hour after we had landed near Ueckermünde, at noon on Monday, we saw a balloon sailing at the height of from 9,000 to 11,000 feet towards the northeast. It soon disappeared in the clouds. We believe the balloon was the Dueseldorf II, and that the pilot had aimed to reach Norway. Since the balloon was so high in the air and was traveling at least forty miles an hour the pilot could not have descended before dark and we were of the opinion that he would not be able to tell where he was before next morning. By that time he must have sailed at least 600 miles and if the balloon kept in the direction it was taking when we observed it, it must have been carried far into Norway or Lapland, or even beyond into the Arctic ocean."

The Dueseldorf II, has not been reported for five full days since she started in the race for the Gordon Bennett cup when she started from Stuttgart, Sunday evening.

JUST RECEIVED A BACK ORDER NAVEY, BLACK AND BROWN SERGE WORSTED SUITS, \$18.50 VALUES; OFFER THEM NOW AT \$12.50 AT HERMANS. ALTERATIONS FREE.

BUSINESS IS STEADY.

Clifford J. VanZandt was in the city Friday for a brief visit with his father, G. W. Van Zandt and various friends. Mr. Van Zandt is traveling for the Carter Ink Co., and has a territory extending into twelve states. In conversation he said yesterday that in recent months of travel he had been interested to note how many merchants he called on who had paid little attention to campaign matters and who had not determined whom they would support. One noticeable thing Mr. Van Zandt said was true that the approach of the election had not served to unsettle business, and that orders were being placed evidently without any reference to or thought about the election.

CORROBORATES PARTNER'S STORY OF BLONDE ESKIMO TRIBES DISCOVERED

Dr. Anderson Arrives in San Francisco After Four and a Half Years in the North Country With Strange Tales.

San Francisco, Nov. 1.—Corroborating in every essential detail the story of the discovery of the blonde Eskimo tribes recently given the world of science by Vilhjalmur Stefansson, his partner in Arctic explorations, Dr. Rudolph Martin Anderson of Forest City, Iowa, arrived here today on the Whaler Belvedere after four and a half years in the frozen north.

Dr. Anderson in his story tells of his experiences in crossing 300 miles over an unexplored country the journey requiring 31 days, and then speaks of the discovery of the strange people. First deserted snow villages were found, and further on discovered a village inhabited by 40 persons. Many of the men he says had light mustaches and beards and light hair over their heads. Some of the women had fair skin and rosy cheeks, but their hair was dark. The features bore the characteristics of the Caucasian race. Dr. Anderson says:

"They have no records, no history, no legends and their language, a peculiar tribal dialect, was extremely hard to understand. As to their origin they can only guess. They may be survivors of the expedition of Sir John Franklin lost to the east of their present locality in 1840 or thereabouts, or they may be descendants of the inhabitants of an early Icelandic colony."

About 250 of these people were seen by Stefansson during the summer of 1910 Dr. Anderson says.

TOOK STRAW VOTE.

Friday night a number of young men in one of the local pool rooms took a straw vote on their preference for president in the coming election. The vote was taken up by Charles W. Warner of Detroit, Mich., and the result follows: Roosevelt 9, Wilson 8, Taft 4.

WILL CLOSE OUT DRESS GOODS STOCK

Montgomery & Deppe to Devote More Attention to Ready to Wear Garments—Big Closing Out Sale of Piece Goods to Begin Soon.

Within a short time the well known firm of Montgomery & Deppe will inaugurate a special dry goods sale. It is their announced intention to dispose of all heavy piece goods this fall and a little later all lighter materials will also be cleared out in order to make more room for ready to wear goods. When this sale has been closed the firm will carry nothing but ready to wear goods, furnishings, ribbons and fancy goods.

An immense stock of dress goods has been carried. It is all new and well selected and the ladies of Jacksonville will have a wonderful buying opportunity when the sale opens. The prices will be cut so materially that the goods will go promptly and immediately thereafter there will be rearrangement of stocks and a large part of the main room will be devoted to the ready to wear garments. Montgomery & Deppe have an established reputation for reliability and fair dealing and the public can depend upon it that some very special bargains will be offered at this sale. The stock of piece goods is very comprehensive including as it does dress goods, and materials of all weights. Not one piece is to be reserved. Watch for the opening day of the sale.

SOPHOMORES HAVE MERRY TIME

Members of High School Class Gather at Home of Miss Pauline McMurphy.

The members of the Sophomore class of the high school had their fall party Friday night at the home of one of their members, Miss Pauline McMurphy of 1204 West College avenue. The class numbers 100 and there was a good representation of the members.

The home was prettily decorated for the occasion. In one room the class colors, blue and white, prevailed and in another, red and white, the high school colors. The living room had all sorts of decorations and the hall was fixed up in halloween novelties. Various games helped the merry-makers to pass away the evening and in the contests held prizes were won by Dale Boxall and Catherine Milburn. Music was also a feature of the evening's program and dancing was enjoyed, so in every way it was a time of genuine mirth.

The officers of the class are: President—Paul Wells. Vice-president—Helen Wintler. Secretary and Treasurer—Leonard Woods.

Class officer—Miss Day. The affair last night was in charge of the following committees.

Entertaining—Marion Russell, chairman; Helen Wintler, Dorothy Black and Irene Scott. Decorations—Lucille Jackson, chairman; Leonard Woods and Helen Struck. Refreshments—Leonard F. Woods, chairman; Orrel Rutledge, Dick Reynolds.

Before the evening closed a number of other high school students appeared at the home and the "Sophas" showed their big heartedness by inviting them in and serving them refreshments.

Mrs. Poundstone, expert after from the Gossard company, will be in our store Monday and Tuesday, November 4 and 5, to demonstrate the superiority of "Gossard" corsets. We invite ladies to meet Mrs. Poundstone.
